

ASSOCIATION OF LIBRARIANS OF THE UNIVERSITY OF WASHINGTON

2006/2007 Dues Notice & Legislative Action Support Fund Appeal

It is that time of year to help support the Association of Librarians of the University of Washington!

The ALUW provides a forum for the discussion and advancement of ideas and issues that are relevant to you and your profession. We aim to provide communication and fellowship opportunities for our members through informational programs, lunches and brown bag sessions, and awareness of the political processes that affect librarians and librarianship.

DUES – Membership in ALUW is automatic and dues are not mandatory. However, we do ask that you contribute to the operating budget so that we can continue to provide programs, services, and social events. Your dues make possible the refreshments at our quarterly business meetings, supplies, social and informational programs, and honoraria for guest speakers.

LEGISLATIVE SUPPORT – Steve Duncan, lobbyist and advocate, has agreed to continue to monitor legislative matters on our behalf and, if necessary, be our voice in Olympia to educate legislators about our continued salary concerns and other important issues. Historically, UW Librarians have needed this representation to promote their best interests in the state legislature. We need to maintain the balance in the ALUW Legislative Action Support Fund to continue to pay for these crucial services that affect our lives, especially during these difficult economic times in our state.

To become a contributing member of ALUW and to support the association’s legislative activities, please complete the form below and return it to *Linda Whang, ALUW Senior Trustee/Treasurer, Engineering Library, Box 352170*. Thanks!!

Contributing Membership in ALUW 2006/2007
