

Faculty Meeting (December 2019)

compiled by GSR

- Approve minutes from last meeting
- Announcements
 - Kelsey delayed travel: give student feedback on quals later
 - Undergraduate majors proposals: passed SCAP and FCAS
 - * now part of tricampus review
 - comment about AMATH 351,352,353 vs MATH 307,308,309
 - all visa processing by shared services in dean's office
 - * J1: 3 months
 - * H1B: 9 months
 - * visiting students: 5 months
- Summer teaching
 - separate from rest of year, directly under provost
 - as provost allowed more courses and TA we did this because no cost to department
 - students in summer teach in 2 months what is usually in 3 months
 - * argument was made they should make as much as regular quarter
 - now.. provost wants to incentive departments to increase summer enrolment
 - * provost keeps 66% of money
 - * college has decided that college takes surplus, and eats losses of departments which are not profitable
 - * moving forward college will not continue to cover these losses
 - * will probably have less TA support
 - * so probably need more RA funding, note that summer is RA cheaper
- Feb 1 deadline to reappoint affiliate and adjunct faculty
 - Tony send email to everyone on the list asking if they want to be reappointed and ask for CV
