POST-DOCTORAL POSITIONS

POST-DOCTORAL POSITIONS ARE AVAILABLE AT DR. TIAN'S LABORATORY AT SLU to study cardiac metabolism, mitochondrial function, and AMPK signaling in cardiovascular diseases. These research projects will utilize a multi-disciplinary approach including cellular and molecular biology tools, genetically engineered mouse models, NMR spectroscopy and imaging. We seek highly motivated individuals with a PhD, MD/PhD or DVM/PhD degree, a solid publication record and excellent writing and oral communication skills. The candidate must be within 4 years after receiving the last graduate degree. Experiences in cardiac physiology, molecular biology and genetics or biochemistry are preferred but not required. Please send a cover letter detailing both your previous scientific work experience and your interest in this position, curriculum vitae and contact information for three references to: DR. RONG TIAN, Professor and Director, Mitochondria and Metabolism Center, SLU – Box 358057; E-mail: rongtian@u.washington.edu.
