

Environment Section Program

APHA Annual Meeting 2004

O = Oral Session; R = Roundtable; P = Poster; B = Business Meeting; S = Social Hour; WCC = Washington Convention Center

NOTE: Sessions titles listed in *italics* have been organized by another section, SPIG, or caucus and are cosponsored by the Environment Section, Bolded sessions represent the Environment Section's Special sessions, If a meeting room is not specified please refer to APHA program booklet, meeting room assignments are subject to change, therefore refer to APHA program for the most up-to-date information

Type	Meeting room	Session	Topic/title
------	--------------	---------	-------------

Sunday November 7

8:00 – 9:30 A.M.	B	WCC 142	203.0	Environment Section Business Meeting I
10:00 – 11:30 P.M.	B	WCC 142	283.0	Environment Section Business Meeting II
2:15 – 5:30 P.M.				FIELD TRIP
5:30 – 7:00 P.M.				New Connections Reception

Monday November 8

6:30 – 8:00 A.M.	B	WCC 142	303.0	Environment Section Business Meeting III
8:30 – 10:00 A.M.	P	WCC Hall E	3023.0	Environmental Public Health In Action
	P	WCC Hall E	3024.0	Environmental Section Student Poster Showcase
	P	WCC Hall E	3025.0	Air pollution: From assessment to intervention
	P	WCC Hall E	3027.0	Environmental public health: Exposures, surveillance & risk assessment
	O	WCC 145 A	3026.0	Issues that affect us all - Health in the global environment
	O	WCC 154 B	3027.1	Human biomonitoring research and usage
	P	WCC Hall E	4025.0	<i>Collaborative Methodologies for Improving Infrastructure, Planning and Bioterrorism Preparedness</i>
	O		3084.0	<i>Reducing Environmental Triggers of Asthma Through Policy Change: Strengthening Communities and Building Linkages</i>
	O		3015.0	<i>The Relationship Between Asthma and the Environment</i>
	O		3031.0	<i>Asthma Epidemiology</i>
10:30 – 12:00 P.M.	O	WCC 102 A	3114.0	Emerging metrics and methods in environmental health science
	O	WCC 152 A	3116.0	Biomonitoring: Community advocacy and policy implications
	O	WCC 156	3116.1	Integrity of Science: How Political Agendas Impact Public Health
	O		3111.0	<i>Allies Against Asthma Coalitions: Improving Ways to Implement and Integrate Asthma Interventions</i>
	O		3141.0	<i>Scientific Integrity in Regulation</i>
	O		3147.0	<i>Environmental Health Education</i>
	O		3131.0	<i>Health Impacts of Agricultural Practices</i>
	O		3118.0	<i>Public Health in the Environment 1</i>
	O		3096.0	<i>Environmental Health and Native Communities</i>

Type	Meeting room	Session	Topic/title
------	--------------	---------	-------------

12:30 – 2:00 P.M.

O	WCC 207A	3174.1	Environment Section Homer N. Calver Lecture
O	WCC 145 A	3175.0	Built Environment Institute I: Exploring the connections between the built environment and obesity
O		3215.0	<i>Managing Mold: Results of a Collaborative Research, Clinical and Worker Training Process</i>
O		3234.0	<i>Asthma and School Indoor Air Quality</i>
O		3231.0	<i>Environmental Health</i>
O		3184.0	<i>National Agenda for the Environment and the Aging: A Case Study on Air Pollution and the Broader Applications</i>
O		3198.0	<i>Population, Health and Environment: What's the Connection?</i>
P		3180.0	<i>Food and Nutrition Poster I: The Obesogenic Environment</i>

2:30 – 4:00 P.M

O	WCC 204 A	3257.0	What do the 2004 elections mean for environmental public health? An interactive discussion
O	WCC 204 B	3258.0	Built Environment Institute II: Community design and health impact: Toward the full integration of walking and biking as alternative modes of transportation
O		3275.0	<i>Global Environmental Change and Disease Emergence</i>

4:30 – 6:00 P.M

O	WCC 204 B	3330.0	Core environmental health functions: New approaches
O	WCC 144 B	3331.0	Addressing environmental health disparities in environmental public health tracking
O	WCC 148	3329.1	Health Indicators and Methods of Capacity Building: Disparities in Vulnerable Populations
O	WCC 154 B	3332.0	Pollutants and pathogens - Issues that affect the worlds water supply
O	WCC 144 C	3333.0	Built Environment III: Building health back into community – Towards the creation of a more sustainable and less toxic built environment, Part 1
O	WCC 155	3333.2	Healthy at home: Addressing health disparities among vulnerable populations
O		3328.0	<i>Environmental Justice and Community-Based Public Health</i>

6:30– 8:00 P.M.

S	WCC 207A	345.0	Environment Section Social Hour
---	----------	-------	--

Tuesday

November 9

8:30 – 10:00 A.M

O	WCC 204 A	4032.0	Science in environmental public health: Healthy air
O	WCC 204 A	4033.0	Using data to strengthen environmental public health
O	WCC 102 A	4034.0	Built Environment Institute IV: School environments – Not just little offices
O		4048.0	<i>Health Impacts of Urban Pollution</i>
O		4049.0	<i>Indoor Air Pollution: Advances in Interventions and Impact Assessment</i>

10:30 –1 2:00 P.M

O		4088.0	<i>Built Environment: Creating Healthy Communities</i>
O		4087.0	<i>Environmental Health: From the Front Lines</i>
O		4086.0	<i>Strengthening Environmental Public Health</i>

	Type	Meeting room	Session	Topic/title
12:30 – 2:00 P.M.	O	WCC 150 B	4130.0	The obesity epidemic: Food policy, community design, toxic chemicals & other environmental contributors
	O	WCC 144 C	4129.0	Agricultural issues and environmental public health
	O	WCC 204 A	4131.0	Home interventions to reduce asthma morbidity in children: early findings from HUD's healthy homes initiative
	O	WCC 204 B	4132.0	The learning and developmental disabilities initiative: New research, educational and policy efforts to prevent exposures to neurotoxicants
	O	WCC 147 A	4128.1	Built Environment Institute V: Transportation, The Built Environment, and Public Health
	O		4120.0	<i>Approaching Asthma Through Multiple Venues</i>
	O		4169.0	<i>Launching Your Career in Public Health</i>
	O		4133.0	<i>Bioterrorism and Epidemiology: Questions, Methods and Outcomes 1</i>
	O		4135.0	<i>Public Health in the Environment 2</i>
2:30 – 4:00 P.M.	R	WCC 202 B	4195.1	Built Environment Institute VI: Discussions on direct and indirect influences of a school's built environment on health and physical activity
	O	WCC 150 B	4196.0	Healing the hospital environment: Purchasing food & less toxic products for healthier patients and communities
	O	WCC 144 A	4197.0	Community-based advocacy to reduce environmental asthma triggers
	O	WCC 145 A	4198.0	Emerging linkages between environmental exposure and chronic illness in children
	O		4239.0	<i>PHN's and Environmental Health Professionals: A New Collaboration</i>
	O		4215.0	<i>The Environmental and Health Effects of War in the New Millennium</i>
	O		4199.0	<i>Bioterrorism and Epidemiology: Questions, Methods and Outcomes 2</i>
4:30 – 6:00 P.M.	O	WCC 144 B	4262.0	Hidden dangers: Disparities in exposure to foodborne illnesses
	O	WCC 204 A	4263.0	Perception and communication of risk
	O	WCC 204 B	4264.0	Chemical management, regulation, and policy reform
	O	WCC 150 B	4265.0	PDBE Flame Retardants: Case Study in Public Health Protection
	O	WCC 152 A	4266.0	The Vicious Spiral: Population growth, nutritional needs and environmental degradation
	R	WCC 202 B	4266.1	Built Environment Institute VII: Building health back into community - Toward the creation of a more sustainable and healthful, less toxic built environment, Part II
	O		4272.0	<i>School Environment: Changing Food and Physical Activity Choices</i>
	P	WCC Hall E	4267.0	<i>Public Health and the Environment: Poster Session 1</i>
6:30 – 8:00 P.M.	B	WCC 142	436.0	Environment Section Business Meeting IV

Type	Meeting room	Session	Topic/title
------	--------------	---------	-------------

**Wednesday
November 10
8:30 – 10:00 A.M.**

P	WCC Hall E	5029.0	Environmental contaminants and assessment of exposure
P	WCC Hall E	5025.0	Traditional and emerging environmental issues in the community
P	WCC Hall E	5026.0	Disparities in vulnerable populations: Responses in home, school, and community settings
P	WCC Hall E	5028.0	Built Environment Institute IX: Built Environment and Weather Influences on Environmental Public Health
P	WCC Hall E	5024.0	Built Environment Institute VIII: Multiple perspectives on designing healthy futures
P	WCC Hall E	5030.1	Built Environment Institute X: Housing Quality and Environmental Justice Issues in the Built Environment
P	WCC Hall E	5030.0	Environmental injustices: Highlights of community efforts to reduce health disparities
O	WCC 152 A	5027.0	Strengthening the infrastructure: environmental public health
O		5076.0	<i>Best Choice</i>
O		5078.0	<i>Student Session: Public Health and the Environment</i>
O		5041.0	<i>Health Implications of Environmental Concerns in Public Health</i>

10:30 – 12:00 P.M.

O		5085.0	<i>Environmental Health and Vulnerable Populations</i>
O		5083.0	<i>Environmental Health in an Era of Increasing Globalization</i>
O		5084.0	<i>Environmental Health: Political, Economic and Legal Issues</i>

12:30 – 2:00 P.M.

O	WCC 147 B	5100.0	Preventing catastrophes: An agenda for the 21 st century
O	WCC 147 A	5101.0	Community involvement for children's health
O	WCC 141	5102.0	Environmental public health tracking
O	WCC 147 A	5157.1	Environmental Health and the media
O		5129.0	<i>Integrating Occupational and Environmental Health</i>
O		5138.0	<i>Asthma Issues</i>

2:30 – 4:00 P.M.

O	WCC 141	5156.0	Public health impacts of US energy use and reasonable solutions
O	WCC 101	5157.0	Overcoming environmental health disparities in initiatives to reduce air toxics
O		5194.0	<i>Successes of Integrating Environmental Health Across Disciplines in K-12 Education</i>
O		5161.0	<i>Using Community-Based Research to Improve the Nutrition and Physical Activity Environment</i>
