## SPRING QUARTER 2015

### BH

#### 201 Topics in Bioethics and Humanities (2) *freshmen, sophomores*  
(10978)  
Introduces topics in clinical, research, and population health ethics and methods of ethical analysis and argumentation. Addresses topics such as the birth of bioethics, informed consent, end-of-life care, genomic medicine, social justice in healthcare and in population health, and global bioethics. Credit/no-credit only.  
Blacksher, course coordinator  
T 2:30-4:20 pm  
GWN 201

#### 311 Ethical Issues in Modern Medicine (3) I&S  
(20714)  
Case-based approach to ethical topics in medicine, such as abortion, genetic testing, physician-assisted death, and euthanasia. Emphasizes utilizing ethical principles and methods of case analysis.  
**NOTE:** This course BH 311 replaces BH 411 and will count as a core course for the BH Minor!  
Jecker  
M 11:30 am - 12:50 pm  
HSD D209

#### 420 Philosophical Problems in Bioethics (3) I&S  
(10980)  
Introduces the philosophical concepts and controversies that underlie contemporary bioethical debates. Explores issues using the literature of bioethics and philosophy, contemporary film, works of fiction, and conversations with health professionals. Students learn philosophical methods of analysis and argument, and debate different sides of ethical issues.  
Jecker  
W 11:30 am - 2:20 pm  
HSE E212

#### 421 History of Eugenics (5) I&S  
(10981)  
Examines the history of ideas, policies, and practices associated with eugenics and human genetics from the late nineteenth century to the present in American society and other national contexts. Offered: jointly with DIS ST 421.  
Woiak  
T TH 1:30-3:50pm  
SAV 130

#### 481 Pursuit of Health in American Society (3) I&S  
(10982)  
Examination of the development of concern for personal health over the past two centuries, and of the evolution of philosophies and practices of health promotion. Emphasis on the influence of both medicine and popular culture on shaping of attitudes toward diet, exercise, alcohol, drugs, sex, and other health behavior.  
Berryman  
T TH 8:30 - 9:50 am  
HST T639
Rise & Development of Sports (3)  I&S
Evolution of medical thought related to exercise for good health, training for sport participation, and treatment of sport-related injuries. Begins with ancient period, concludes with present. Development of specialization in sports medicine, sport team physicians, preventive medicine, concepts of fitness and wellness as related to exercise prescription, and exercise science.

Berryman  MW  9:30 - 10:50 am  HSK K069

Undergraduate Research (Varied Credit)  I&S
To be determined
Instructor to be assigned

Graduate/Professional Courses

P-Human Face of Medicine (2)
Readings and discussing literature by and about physicians and patients to better understand the human values undergirding medical practice and ethical issues arising in the "doctor-patient" relationship.

Gianola / McCormick  W  5:30-7:20 pm  HST T483-85

Spirituality in Health Care (2)
Examination of the beliefs, values, meaning, and spirituality of health professionals for the well-being of their patients as well as for themselves. Offered: jointly with FAMED 547/SOC W 587

King /McCormick  M 6:00-7:50 pm  HST T473

Social Science Research Methods (3)
Introduces students to research methods in bioethics, ranging from qualitative to quantitative: interviews, focus groups, surveys, and experimental and observational designs. Students write research questions, match research methods to research questions, and conclude with a proposal that uses a social sciences empirical approach to address their research question.

Bowen  T  12:30-3:20 pm  HSE E216

Bioethics Practicum  (3)
Students participate in clinical ethics rounds, case discussions, review of research protocols, or other professional activities related to bioethics. Prerequisite: permission of instructor. Credit/no-credit only.

Burke  To be arranged

Master's Research Project ([1-12]-, max. 12)
Research project culminating in a scholarly paper suitable for publication in a peer-reviewed journal. Majors only. Credit/no-credit only.

To be arranged
