Bioethics Grand Rounds

“Developing the Moral Taxonomy of Moral Distress”

Monday, January 30, 2017
4:00 – 5:00pm
Health Sciences Building, T739

Course Objectives
Upon completion of the activity, attendees should be able to:
• Identify broad vs. narrow understandings of moral distress
• Identify some of the major ethical values associated with moral distress
• Differentiate between potentially morally relevant, contingent features of moral distress

Carina Fourie, PhD
Benjamin Rabinowitz Assistant Professor in Medical Ethics
Philosophy Department
University of Washington

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Washington School of Medicine designates this live activity for a maximum of 6.0 AMA PRA Category 1 Credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session 1.0 credit.)
