<https://depts.washington.edu/basicec/>

Designed to help residency programs meet ACGME requirements in ethics and professionalism, the curriculum includes Power-Point presentations, “chalk talks”, teaching cases, web resources, & links to references for each topic. Modules are structured interactive case discussions and are tailored to each medical specialty. This curriculum has been introduced to SOM clinical faculty through a faculty development workshop. Future faculty development workshops are planned and modules have been used in 10+ UW residency and fellowship programs.
