

From UWMC Main Entrance: Our office suite is located on the second floor of the UW Magnuson Health Sciences Building, A-204, which is attached to UWMC. Navigating to our office from the UWMC main entrance, take a right down the hallway and walk past the Pacific elevators to continue down the hallway until you reach the A-300 lobby (big sets of double doors out to a large courtyard). Look to your left upon entering the A-300 lobby, and you'll see the B-wing corridor. Take a right into the B-wing and the stairs will be on your left right away. Take them down one floor to the second floor. From there, take a right and you will see A-204.

From upper campus: Navigating to our office from the Health Sciences T-wing bridge (this is the 4th floor of Health Sciences): Take a left down the T-wing main corridor, take a right down the D- or F-wing corridor, take a left down the C- or E-wing corridor, and when you get to the B-wing corridor (right before the Hogness Auditorium), take a right into the B-wing and take the stairs down to the second floor. From there, take a right and you will see A-204.

From S-1 Parking: From the center of the S-1 parking garage on NE Columbia Road (blue star), cross Columbia Road, go up the stairs to the courtyard, and head to the doors at the northwest corner of the courtyard (follow the red arrow). Take a right and walk down two long corridors (through E-wing and C-wing – follow the green arrow), and you will find us in A-204 (red star).
