

# BIOENGINEERING-GENOME SCIENCES BUILDING

---

## Size

Total Building = 265,000 gross ft<sup>2</sup>  
Bioengineering = 123,000 gross ft<sup>2</sup>  
Genome Sciences = 133,000 gross ft<sup>2</sup>

## Features

Bioengineering Physiology Teaching Lab  
Molecular Bioengineering Teaching Lab  
Instrumentation Teaching Lab  
2 computer laboratories  
Student workroom/lounge  
Undergraduate Project Lab  
60-seat seminar room  
State-of-the-Art Research Laboratories  
200-seat auditorium  
Cafeteria

## Cost

\$150 million

## Funding

\$70 million: Gates Foundation  
\$12 million: Federal Government  
\$10 million: Whitaker Foundation  
Other private sources

## Schedule

Groundbreaking: August 12, 2003  
Construction Begins: Late August 2003  
Construction Finished: November 2005
