Step 1: Obtaining a DUNS Number

In order to register with the Central Contractor Registration (CCR), a requirement for registering with Grants.gov, your organization will need a Data Universal Number System (DUNS) number. A DUNS number is a unique nine-character identification number provided by the commercial company Dun & Bradstreet (D&B). Once you have completed the registration, your DUNS number should be available the next business day.

Have the following information prepared when requesting a DUNS number:
- Name of your organization
- Organization address
- Phone number of the organization
- Name of the CEO/organization owner
- Legal structure of the organization (corporation, partnership, proprietorship)
- Year the organization started
- Primary line of business
- Total number of employees (full and part time)

Note: As a result of obtaining a DUNS number, you have the option to be included on D&B’s marketing list that is sold to other companies. If you do not want your name/organization included on this marketing list, request not to be listed when you contact D&B.

Instructions for Requesting a DUNS Number

1. Check to see if your Organization has a DUNS number:
   Prior to requesting a DUNS number, you should investigate if your organization already has a DUNS number. Most large organizations, independent libraries, colleges and research universities already have DUNS numbers. You should ask your organization's chief financial officer, grant administrator, or authorizing official to provide your organization's DUNS number. Alternatively, you can determine if your organization has a DUNS number online by using the DUNS web registration.

2. Register for a DUNS Number:
   If your organization does not have a DUNS number, ask the chief financial officer, grant administrator, or authorizing official of your organization to register for a DUNS number. Or request a DUNS number online via web registration. The process can take up to one business day to complete. If your organization is located outside of the United States, you can also request and register for a DUNS number online via web registration.
Step 2: Register with CCR

The Central Contractor Registration (CCR) is a government-wide registry for vendors doing business with the federal government. Step 4: AOR Authorization

Prior to submitting grant application packages, representatives of your organization need to register to submit on behalf of your organization. Your organization’s E-Business Point of Contact (E-Biz POC), identified during CCR Registration must authorize someone to become an Authorized Organization Representative (AOR). This safeguards your organization from individuals who may attempt to submit grant application packages without permission.

Note: In some organizations, a person may serve as both an E-Biz POC and an AOR.

After an AOR registers with Grants.gov, the E-Biz POC will have to approve the request. After the AOR has submitted their request, the E-Biz POC will complete the fourth step in this process as depicted on the page.

E-Biz POC Instructions

The E-Business Point of Contact (E-Biz POC) performs the final step in the Grants.gov registration process. The E-Biz POC actually authorizes someone to submit a grant application on behalf of their organization. This step safeguards an organization from individuals who may attempt to submit a grant application package without permission. Only one E-Biz POC is assigned per each of an organization’s DUNS (Data Universal Number System) number. If your organization only has one DUNS number, then there will be only one E-Biz POC for your organization.
Grants.gov has developed an E-Business Point of Contact (E-Biz POC) Registration checklist to help authorize your organization’s AOR (Authorized Organization Representative).

Follow the steps below to review the E-Biz POC Registration Checklist.
