

CCPH E-News: November 2005

Dear Colleague,

Below are highlights for Community-Campus Partnerships for Health (CCPH) in the month of November. We hope this helps you stay better connected to our events, activities, and opportunities for involvement!

Many people assume that if they get e-mails from CCPH, they are a member! If you are receiving this E-News, you are NOT currently a member of CCPH. Your modest investment in CCPH helps us to continue to serve as a resource for service-learning, community-based participatory research, and community-campus partnerships more broadly that are working to improve health professions education, civic engagement and the health of communities. To read about the many benefits you would receive by becoming a CCPH member, please visit <http://depts.washington.edu/ccph/members.html>.

NEW AT CCPH

***CCPH Celebrates Accomplishments of Departing Program Director Jen Kauper-Brown.** For the past two years, CCPH program director Jen Kauper-Brown has been instrumental to our work in community-based participatory research and community-engaged scholarship. After an extended international trip, she will be moving to Chicago, Illinois, in June 2006. Her last day at CCPH will be November 7, 2005. Jen is one of those rare people who is detail-oriented, focused and productive, and at the same time can stand back and ask important and insightful questions, think about things strategically and address the critical issues at hand. She is an absolute delight to work with, and we will miss her tremendously. Please join us in congratulating Jen on her accomplishments at CCPH and wishing her the best in her future endeavors (which we hope will include CCPH one way or another!).
