AWARD HONORING COMMUNITY LEADERS IN COMMUNITY-BASED PUBLIC HEALTH

CCPH Board Chair Emeritus Elmer Freeman Receives Inaugural Lucille Webb Award

CCPH Board Chair Emeritus Elmer Freeman was honored on November 5 with the inaugural Lucille Webb Award presented annually by the National Community-Based Organization Network to an individual who exemplifies community leadership in community-based public health. Elmer is Executive Director of the Center for Community Health, Education, Research and Service (also CCHERS, known as "Cheers"). CCHERS started in 1991 and is a partnership between Northeastern University Bouve College of Health Sciences and fifteen community health centers serving the diverse racial and ethnic populations of the City of Boston. Prior to joining CCHERS, Elmer served for 16 years as Executive Director of the Whittier Street Health Center in Roxbury, MA. Elmer is pursuing this doctoral degree in law and policy at Northeastern University. Elmer served as Chair of the CCPH board and just completed two 3-year terms as a board member.

CCPH Member Lucille Webb has spent the last 20 years as a community health advocate volunteer devoting countless hours to helping others, working on boards, commissions, task forces and networking with organizations to plan, implement and monitor programs that impact health, family life and education. She is a founding member and president of Strengthening the Black Family, Inc., a nonprofit community-based networking organization and chairwoman of the Executive Committee of Project DIRECT (Diabetes Interventions Reaching and Educating Communities Together), a CDC funded research demonstration project. She represented her community-based organization with the WK Kellogg Community-Based Public Health Initiative and serves as the first president of the North Carolina Consortium. Membership on the National Association of City and County Health Officials MAPP (Mobilizing for Action through Planning and Partnerships) Work Group provided the opportunity to be the community voice for the community's health. Lucille is a retired social studies teacher and personnel administrator of the Wake County North Carolina School System. She holds a master's degree in education and is certified by the North Carolina Department of Public Instruction in Education Administration and Supervision. She notes, "My philosophy is not about aging, but about living well, having an impact on the community and giving back."

Submission Guidelines

We welcome announcements, comments and questions from you! Please forward them to the PM Editor at ccphpm@u.washington.edu.

Submission Guidelines:

- Please limit announcements and questions to not more than 100 words. As for articles and editorials, not more than 200 words;
- Provide the names of all authors, their current institutional affiliations and/or photos;
- Explain all abbreviations and unusual terms when first used.

The National Community-Based Organization Network is a group of community-based organizations and agencies who work within and in collaboration with the Community-Based Public Health Caucus of the American Public Health Association. To learn more, visit <http://www.sph.umich.edu/cbph/caucus/>

LYNTON AWARD WINNERS FOR FACULTY PROFESSIONAL SERVICE AND ACADEMIC OUTREACH ANNOUNCED

CCPH Partner Barbara Israel Recognized With Honorable Mention

The New England Resource Center for Higher Education (NERCHE) at the University of Massachusetts Boston celebrated the 10th Anniversary of the Ernest A. Lynton Award for Faculty Professional Service and Academic Outreach at the 12th Annual International Conference of the Coalition of Urban and Metropolitan Universities (CUMU) in Coral Gables, Florida on October 23. This year, the Award honored three recipients, Glynda Hull, Professor of Language, Literacy, and Culture in the Graduate School of Education at the University of California, Berkeley; Julia Lupton, Professor of English and Comparative Literature at the University of California, Irvine; and Katherine O'Donnell, Professor of Sociology at Hartwick College, who presented their work to an audience of presidents, provosts and other administrators from colleges and universities from across the nation. Learn more about the exemplary community-engaged scholars at http://www.nerche.org/Lynton_Award/lynton_award.html

In 1996 NERCHE created the Ernest A. Lynton Award for Faculty Professional Service and Academic Outreach to recognize faculty members who connect their expertise and scholarship to community outreach. The Award honors exceptional faculty who have educated their students to make a socially meaningful imprint on an increasingly complex world. They are role models, not only for students, but also for their colleagues and their institutions seeking to find ways to connect the rich resources of the academy with the local and global community. The Award also pays tribute to the memory of Ernest Lynton, who served as the academic vice president for the University of Massachusetts' three-campus system. Dr. Lynton's work championed a vision of service that embraced collective responsibility and a vision of colleges and universities as catalysts not only in the discovery of new knowledge but also in its application throughout society.

NERCHE also announced two Honorable Mentions for the Lynton Award: Barbara Israel, Professor in the Department of Health Behavior and Health Education in School of Public Health at University of Michigan and Elizabeth Paul, Associate Professor of Psychology at The College of New Jersey.

Earlier this year NERCHE established a partnership with CUMU to offer the Ernest A. Lynton Award for Faculty Professional Service and Academic Outreach. NERCHE will continue to be the Lynton Award home, and will also be primarily responsible for the selection of the annual award winner and finalists. The award will be presented each year at the annual CUMU national conference, where the finalists will present sessions on their work.

The call for nominations for the 2007 award will be posted at www.nerche.org in January 2007. For more information, visit, or contact NERCHE by phone at (617) 287-7740 or email at nerche@umb.edu

LESSONS LEARNED FROM THE HEALTH PROFESSIONS PARTNERSHIP INITIATIVE

Partnerships Between K-12 School Systems, Colleges and Community Members

A supplement to the June 2006 issue of the journal Academic Medicine features articles and case studies that represent the culmination of nearly a decade's experience with the Health Professions Partnership Initiative (HPPI), a unique system of 26 collaborative sites – involving K-12 school systems, colleges, and community members – intended to bolster academic achievement and promote enrollment in medical school by racial and ethnic minority students. The HPPI project was made possible by funds from the Robert Wood Johnson Foundation (RWJF) and W.K. Kellogg Foundation, and its national program office was housed in the

Division of Diversity Policy and Programs at Association of American Medical Colleges.

The intent in publishing this supplement is to broadly disseminate scholarship and experiential knowledge of pipeline programs so that others may learn from the challenges and successes and initiate or strengthen pipeline programs of their own. The record of leadership and creativity involved in these complex partnerships is a contribution to the literature in its own right. If you have any questions or comments, please contact Ann Steinecke, Senior Staff Associate, Division of Diversity Policy and Programs at asteinecke@aamc.org. This supplement is available online at <http://www.academicmedicine.org>

MESSAGE FROM OUR ADMINISTRATIVE DIRECTOR

Annika Sgambelluri, CCPH Administrative Director, with students from The Network: TUFH's Student Network Organization

In September, I had the opportunity to participate in The Network: Towards Unity For Health's (TUFH) International Conference, **"Improving Social Accountability in Education, Research and Service Delivery,"** in Ghent, Belgium. The Network:TUFH is a non-governmental organization in official relationships with the World Health Organization and is based at Maastricht University in the Netherlands. Founded in 1979, it is a global association of institutions for education of health professionals committed to contribute, through education, research and service, to the improvement and sustainment of health in the communities they serve.

As many will recall, in October 2004, CCPH and The Network:TUFH jointly sponsored an international conference in Atlanta, Georgia USA that explored how partnerships can overcome health disparities. For more information, visit <http://depts.washington.edu/ccph/guide.html#Conf2004>

CCPH member & Network:TUFH secretary general Art Kaufmann

This year The Network:TUFH collaborated with the Department of Family Practice and Primary Health Care in cooperation with the Faculty of Medicine and Health Sciences of Ghent University to host its conference in Belgium. The conference kicked off at the Aula Academia with opening keynotes on social accountability in education by Frank Vandembroucke of Belgium and the European perspective on International Cooperation by Lieve Fransen, also of Belgium. The keynotes are available online at <http://www.the-networktufh.org/conferences/previousconferences.asp>

A highlight of the conference was a plenary keynote on promoting equitable distribution of human resources for health by Yoswa Mbulalina Dambisya of the Republic of South Africa. This keynote addressed the growing consensus that migration and shortage of human resources for health is a human rights issue, and a global crisis. Human resources for health will be the theme of The Network:TUFH's 2007 international conference, September 15-20, 2007 in Uganda. Additional highlights include the participation of students from Ghent University, community site visits, and a post-conference visit to one of the problem-based learning founders, the Faculty of Medicine, Maastricht University in the Netherlands. Maastricht University also houses the office of The Network:TUFH.

By attending The Network:TUFH's conference I was able to meet people from all over the world and learn about the incredible work that they are doing. As an exhibitor, I was also able to educate participants on CCPH's many activities and recruit new members for CCPH's member network. A benefit of being a member of CCPH is that you have the opportunity to network with people from all over the world involved in community-campus partnerships through CCPH's members-only online directory at <http://depts.washington.edu/ccph/members.html#ForMembersOnly>

Cathedral in Ghent

Cross-cultural exchanges and collaborations can be some of the most rewarding experiences and I would encourage CCPH members to attend one of The Network:TUFH's conferences to experience these firsthand. CCPH and The Network:TUFH are discussing the possibility of hosting another joint conference in the future, and exploring other mutually beneficial collaborations between our organizations.

Exhibit & Poster Hall

The Network: TUFH's next International Conference, "Human Resources for Health: Recruitment, Education and Retention" will take place September 15-20, 2007 in Kampala, Uganda, in cooperation with the Faculty of Medicine at Makerere University. For more information, visit <http://www.the-networktufh.org/conference/>

CCPH members who attended and presented at the conference included:
Charles Boelen, Member of The Network: TUFH's Executive Committee, Sciez sur Leman, France
Kate Cauley, Center for Healthy Communities, Wright State University, Dayton, OH USA
Jan De Maeseneer, Dept of Family Medicine and Primary Health Care, Ghent University, Belgium
Art Kaufmann, Dept of Family and Community Medicine, University of New Mexico, Albuquerque, NM USA
Judy Lewis, Dept of Community Medicine, University of Connecticut Health Center, Farmington, CT USA
Dimity Pond, Dept of Discipline of General Practice, University of Newcastle, NSW, Australia

Curriculum on Developing and Sustaining CBPR Partnerships Now Available Online!

Developing and Sustaining Community-Based Participatory Research Partnerships: A Skill-Building Curriculum, is now available online at www.cbprcurriculum.info The curriculum was developed by the Community-Institutional Partnerships for Prevention Research Group, a collaboration involving 9 organizations in the US and Canada, including **CCPH**. Curriculum development and pilot-testing was funded by the Prevention Research Center Program Office at the Centers for Disease Control and Prevention through a cooperative agreement with the Association of Schools of Public Health. Generous funding from the Wellesley Institute enabled the curriculum to be made available online.

CCPH Advocates for Increased NIH Support for Community-Based Participatory Research

Opportunity to Serve on NIH Council of Public Representatives – December 15 Deadline

CCPH executive director **Sarena Seifer** made recommendations for how the National Institutes of Health can boost its support for CBPR during the NIH Council of Public Representatives (COPR) Meeting on November 3. For a copy of her submitted remarks, please email CCPH program assistant Ruslan Nikitin at nikitin@u.washington.edu

Five CCPH members serve on COPR: Syed Ahmed, Ruth Browne, Linda Crew, Valda Boyd Ford, and Ann-Gel Palermo. In addition, Valda is co-chairing a COPR work group on the role of the public in research. COPR is soliciting applications for new members, with an application postmark deadline of December 15. For more information, visit <http://copr.nih.gov/>

MEMBERSHIP MATTERS

Are You Enjoying ALL of the Benefits CCPH Offers?

CCPH Members Save on Books and Journals

CCPH is pleased to offer discounts on journals and books in the field of community-campus partnerships! We have teamed up with a variety of publishing partners to bring substantial savings to our members. As always, **CCPH Members** receive discounts on **CCPH publications**.

- Up to \$15 off CCPH publications
- 15% off all books from Wiley/Jossey-Bass Publishers
- 20% off the new journal Progress in Community Health Partnerships: Research, Education and Action
- 20% off the Journal of Health Care for the Poor and Underserved
- 20% off all books from Johns Hopkins University Press
- 25% off the book Pursuing Opportunities through Partnerships: Higher Education and Communities, published by West Virginia University Press

CCPH also participates in affiliate programs through Jossey-Bass and Powell's Books. Proceeds from these programs support scholarships and membership development at CCPH.

For more on these publication discounts and affiliate programs, visit <http://depts.washington.edu/ccph/books.html>

UPCOMING EVENTS

For details on these new listings and all previously listed upcoming events, visit [CCPH's CONFERENCE PAGE](#)

CCPH at Upcoming Events!

NOVEMBER 2006

- ▶ **November 15-17, 2006 • Community Action for a Renewed Environment (CARE) National Training Workshop** • Seattle, Washington

This workshop convenes the grantees of the Environmental Protection Agency's CARE Program. **CCPH executive director Sarena Seifer** will be speaking about Building Partnerships on a panel scheduled for November 15 at 4pm. For more information about the workshop, email Hank Topper at Topper.Henry@epamail.epa.gov For more information about the CARE Program, visit <http://www.epa.gov/care>

FEBRUARY 2007

- ▶ **February 21-22, 2007 • Community-Engaged Scholarship in Higher Education: Have We Reached a Tipping Point: Invitational Symposium** • Washington, DC

This invitational symposium is being convened by the **Community-Engaged Scholarship for Health Collaborative** coordinated by **CCPH**. For more information about the Collaborative, visit <http://depts.washington.edu/ccph/healthcollab.html> For more information about the symposium, please contact **CCPH executive director Sarena Seifer** at sarena@u.washington.edu

APRIL 2007

- ▶ **April 11-14, 2007 • CCPH's 10th Anniversary Conference - Mobilizing Partnerships for Social Change** • Toronto, Ontario, Canada

CCPH invites you to share your knowledge, experience and lessons learned with hundreds of colleagues who - like you - are passionate about the power of partnerships to transform communities and academe. The conference is expected to draw a diverse group of participants from across Canada, the U.S. and other countries.

Call for Exhibitors & Cosponsors Now Available! For details, visit <http://depts.washington.edu/ccph/conf-exhibiting.html>

Never been to a CCPH conference? Check out presentations from **CCPH's 9th conference**, held May 31-June 3, 2006 in Minneapolis, MN USA at <http://depts.washington.edu/ccph/pastpresentations.html>

JUNE 2007

- ▶ **June 7-9, 2007 • Crossroads II: Community-Based Collaborative Research for Social Justice**
 - Hartford, Connecticut

CCPH is cosponsoring this 2nd international community-based research conference sponsored by the Institute for Community Research. Crossroads II will explore the transformative potential of community-based collaborative research to promote social justice. For more information, visit <http://www.incommunityresearch.org/crossroadsII.htm>

- ▶ **June 26-29, 2007 • Summer Institute on Community-Based Participatory Research**
 - Jackson, Mississippi

CCPH joins with the Historically Black Colleges and Universities Faculty Development Network and the Center for Civic Engagement & Social Responsibility at Tougaloo College in cosponsoring this intensive team-based institute. For more information, visit <http://www.hbcufdn.org>

To stay on top of the latest CBPR news, funding opportunities, conferences and other resources, subscribe to the free CBPR listserv co-sponsored by CCPH and the Wellesley Institute at <http://mailman1.u.washington.edu/mailman/listinfo/cbpr>

ANNOUNCEMENTS

Certificate in Mobilizing Assets for Community-Driven Development –

The purpose of this three-week certificate is to develop the capacity of mid to senior level development practitioners to employ sustainable asset-based approaches which recognize the everyday experience, wisdom, skills and capacity that exist in all communities. The Certificate will examine approaches such as Appreciative Inquiry, Asset-Based Community Development, the Asset-Building Framework and the Sustainable Livelihoods Approach which can help communities to mobilize, restore and further develop their internal assets as a means of addressing fundamental issues such as poverty and injustice.

Upcoming Offerings: September 10 - 28, 2007;

April 14 - May 2, 2008; September 8 - 26, 2008. For more information, visit

<http://www.coady.stfx.ca/>

UNC School of Public Health Online Certificate in Field Epidemiology –

The Certificate in Field Epidemiology is a 12-credit hour program of study. The curriculum addresses the core functions of outbreak investigation, surveillance systems and methods, infectious disease epidemiology, and field epidemiology methods. All courses have been specially designed and developed for delivery via the Internet. Students will be able to register, receive materials, interact with faculty, order books, and successfully complete this program without traveling to campus.

<http://www.sph.unc.edu/nciph/fieldepi>

Dr. Barry R. Bloom Delivers Barmes Global Health Lecture on Dec. 4, 2006 –

The National Institute of Dental and Craniofacial Research and the Fogarty International Center, both part of the National Institutes of Health, jointly announce the 2006 David E. Barmes Global Health Lecture. Barry R. Bloom, Ph.D., Dean of the Harvard School of Public Health and Joan L. and Julius H. Jacobson Professor of Public Health, will present a talk entitled, "Agendas and Architecture of Global Health Research." Monday, December 4, 2006, from Noon to 1:00 p.m., in Masur Auditorium, NIH Building 10, Bethesda, Maryland USA. The event is free and open to the public; it will be videocast live at

<http://videocast.nih.gov> For more information, visit <http://www.nidcr.nih.gov/>

Review White House Office of Faith-Based and Community Initiatives Grants Catalog

Most grant announcements requesting applications have closed. This is a good time of the year to review the White House Grants Catalog to identify opportunities that your organization may be eligible to compete for next fiscal year. The Grants Catalog provides some basic information about the Federal grants process. It also lists over 170 programs that may interest your organization. Grants programs are organized into general categories ranging from programs for elders and the homeless to those that serve at-risk youth and people making the transition from welfare to work. You can access this and many other helpful resources at: <http://www.hhs.gov/fbci/funding.html>

New on the National Institute of Mental Health web site

CCPH participates in the Outreach Partnership Program, a nationwide outreach initiative of the National Institute of Mental Health (NIMH) that is designed to help close the gap between mental health research and clinical practice, inform the public about mental illnesses, and reduce the stigma and discrimination associated with mental illness. For more information on the NIMH Outreach Program please visit <http://www.nimh.nih.gov/outreach/partners/> Translational Research: Bridging Basic and Applied Perspectives--Meeting Summary In May 2006, NIMH sponsored this meeting with the purpose of bringing together scientists whose work has focused on prejudice, stereotyping, discrimination, stigma, and related areas to assist NIMH in identifying (1) the most exciting and timely possibilities for translation and integration across basic and applied approaches, (2) the greatest gaps in knowledge, (3) barriers to conducting this kind of translational research, and (4) ways to overcome these barriers. <http://www.nimh.nih.gov/scientificmeetings/2006/translationalresearch-bridging.cfm>

EMPLOYMENT OPPORTUNITIES

Assistant/Associate Professor – Department of Public and Community Health, University of Maryland – Review of applications will begin Dec. 15 -

The primary responsibilities of the position are to develop an externally-funded research program (no specific area) that falls within and complements the area of social and behavioral sciences discipline, to advise/supervise MPH and PhD graduate students, and to assist with graduate and/or undergraduate teaching. For more information, contact Kenneth Beck at kbeck1@umd.edu

Assistant Professor, Health Promotion & Disease Prevention – Dept. of Health Education, San Francisco State University, CA – Review of applications will begin Jan. 15 -

The candidate will teach courses in the Bachelor of Science in Health Education, (includes tracks in community health, school health, and holistic health), Holistic Health, and the Master of Public Health in Community Health Education program. Along with teaching the position requires scholarly publication, university/community service, and developing a program of externally funded research. For more

information, contact John Elia at jpelia@sfsu.edu

Associate or Full Professor, Health Equity Initiative – Dept. of Health, San Francisco State University, CA – Review of applications will begin Feb. 9 - The HEI Professor of Health Education will join a multi-disciplinary team to lead HEI activities within the College of Health and Human Services (CHHS), and coordinate HEI activities with other Colleges at SFSU. HEI faculty are part of a university-wide effort to (1) provide faculty leadership and mentorship within individual colleges and the university at large, (2) engage a greater number of faculty in HEI-related research, (3) promote cross-college curricular innovations on issues that impact health equity. HEI faculty are also expected to bring their research agenda into the classroom by teaching one course per semester. For more information, contact Ramon Castellblanch at ramonc@sfsu.edu

GRANTS ALERT!

Listed below are **NEW** announcements only. To view all previously listed grant alerts, please visit [CCPH's FUNDING OPPORTUNITIES PAGE](#)

NEW Pilot Grants for School-Community Collaborations – Deadline: Nov. 15, 2006 – Healthy School Communities, a program of the Association for Supervision and Curriculum Development (ASCD), is providing grants for collaborative school and community programs that create healthy schools. ASCD will select ten pilot school communities to receive a \$10,000 grant for the 2007 calendar year. <http://www.ascd.org/portal/site/ascd/menuitem.187f5eeabf5d4a29a62c2d69e3108a0c/>

NEW Echoing Green Fellowship – Deadline: Dec. 1, 2006 – If you're thinking about starting up your own change organization or have recently done so, here is an opportunity for seed funding. Echoing Green Fellowship provides up to \$90,000 in funding for new, innovative organizations working to create social change. Watch the video: <http://www.echoinggreen.org/video> Find out whether you qualify: <http://www.echoinggreen.org/shouldyouapply> Questions? Contact Jeremy at jeremy@echoinggreen.org

NEW Aboriginal Research and Development Grants from the Social Sciences and Humanities Research Council of Canada – Deadline: Dec. 8, 2006 –The specific objectives of the program are to support and promote: research that will help develop policy in areas of concern to Aboriginal communities and other stakeholders; Aboriginal leadership and participation in research, and advancement of Aboriginal scholars research careers; significant research training opportunities for Aboriginal students; new, effective research partnerships between Aboriginal and non-Aboriginal scholars; better understanding of how research by and with Aboriginal scholars and Aboriginal communities can and should be organized; better understanding of the relationships between Aboriginal and non-Aboriginal peoples and between their respective intellectual and cultural traditions; and increased awareness and appreciation of the needs, values, knowledge, experiences and contributions of Aboriginal peoples both in Canada and abroad. http://www.sshrc.ca/web/apply/program_descriptions/aboriginal_e.asp

NEW Occupational Safety and Health Training Project Grants – Deadline: Aug. 24, 2007 – The National Institute for Occupational Safety and Health (NIOSH)/ Center for Disease Control and Prevention (CDC) invites training project grant (TPG) applications that are focused on occupational safety and health training. TPGs are programs at academic institutions that provide training in the core occupational safety and health areas of industrial hygiene, occupational health nursing, occupational medicine residency occupational safety, as well as other closely related occupational safety and health fields. <http://www.cdc.gov/niosh/homepage.html>

AWARDS, FELLOWSHIPS & SCHOLARSHIPS

Listed below are **NEW** announcements only. To view all previously listed announcements, please visit [CCPH's AWARDS, FELLOWSHIPS, & SCHOLARSHIPS PAGE](#)

NEW Outstanding New Environmental Scientist Award – Letter of Intent Deadline: Nov. 21, 2006 – The Outstanding New Environmental Scientist Award is intended to identify outstanding scientists who are in the early, formative stages of their careers and who intend to make a long term career commitment to research in the mission areas of the National Institute of Environmental Health Sciences and assist them in launching an innovative research program focusing on problems of environmental exposures and human biology, human pathophysiology and human disease.
<http://grants.nih.gov/grants/guide/rfa-files/RFA-ES-06-007.html>

NEW Global Action Awards – Deadline: Nov. 30, 2006 – The NetAid Global Action Awards honor high school students in the United States who have organized and led a project that has impacted people in poor countries or raised awareness about global poverty in their own communities. The awards celebrate young people who have shown leadership in areas such as preventing HIV/AIDS, alleviating hunger, and improving access to education. <http://fconline.foundationcenter.org/pnd/10003050/netaid>

NEW 2007 NCHS/AcademyHealth Fellowship – Deadline: Jan. 8, 2007 – The Centers for Disease Control (CDC) and Prevention's National Center for Health Statistics (NCHS) and AcademyHealth are seeking applications for their 2007 Health Policy Fellowship. This program brings visiting scholars in health services research-related disciplines to the NCHS to collaborate on studies of interest to policymakers and the health services research community. Fellows can access the data resources provided by CDC and participate in developmental and health policy activities related to the design and content of future NCHS surveys. www.academyhealth.org/nchs

NEW Fellowship in Nursing Policy and Philanthropy – Deadline: Jan. 30, 2007 – Applications are sought for a joint fellowship position in Nursing Policy and Philanthropy. The successful candidate will work closely with senior leaders at the Robert Wood Johnson Foundation (RWJF) and serve as a faculty member at the Center for State Health Policy, a policy research unit of the Institute for Health, Health Care Policy and Aging Research at Rutgers University. For more information, contact Susan Reinhard at Sreinhard@ifh.rutgers.edu

NEW WEB DuBois Fellowship Program – Deadline: Feb. 1, 2007 – The National Institute of Justice (NIJ) is the research, development, and evaluation agency of the U.S. Department of Justice and a component of the Office of Justice Programs (OJP). NIJ solicits proposals to inform its search for the knowledge and tools to guide policy and practice. The W.E.B. DuBois Fellowship Program seeks to advance knowledge regarding the confluence of crime, justice, and culture in various societal contexts. The Fellowship places particular emphasis on crime, violence, and the administration of justice in diverse cultural contexts. <http://www.ncjrs.gov/pdffiles1/nij/SL000753.pdf>

CALLS FOR PAPERS & PRESENTATIONS

Listed below are **NEW** announcements only. To view all previously listed announcements, please visit [CCPH's CALLS FOR PAPERS & PRESENTATIONS PAGE](#)

NEW Call for Submissions: Journal of Hispanic Higher Education – Deadline: May 1, 2007 – Submissions are being accepted for a special issue focused on matters related to the Hispanic student and

second language acquisition. This issue is tentatively titled, "Hispanic Students and Second Language Acquisition: Closing the Language Gap." It is expected that the articles will deepen readers' understanding of programs of instruction, assessment, and policies that relate to or directly impact the education of Hispanic English language learners, as well as inform reflective and transformational practitioners in how to best address their needs. Submissions should focus on Hispanic learners who are educated and supported through ESL, ESOL, or bilingual education programs. For more information, contact David Campos at campos@uiwtx.edu

NEW **Call for Participation: Global Theme Issue on Poverty and Human Development – Deadline: Various**– The Council of Science Editors is organizing a Global Theme Issue on Poverty and Human Development in October 2007. Science journals throughout the world will simultaneously publish papers on this topic of worldwide interest - to raise awareness, stimulate interest, and stimulate research into poverty and human development. This is an international collaboration with journals from developed and developing countries. All science journals are invited to participate in the Global Theme Issue. Representatives of interested journals should send an e-mail to the attention of Annette Flanagin at jeni.reiling@jama-archives.org. <http://www.councilscienceeditors.org/globalthemeissue.cfm>

PUBLICATIONS

PURSuing OPPORTUNITIES THROUGH PARTNERSHIPS: HIGHER EDUCATION AND COMMUNITIES

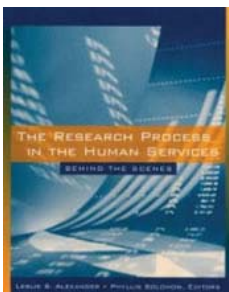

Pursuing Opportunities Through Partnerships: Higher Education and Communities

In 1998, the W.W. Kellogg Foundation provided funding for four universities to collaborate with surrounding communities on mutually beneficial projects, through the Expanding Community Partnerships Program. In a series of innovative learning collaborations, East Tennessee University, the University of Texas at El Paso, West Virginia University, and Northeastern University established strong, sustainable partnerships with organizations in their local communities.

Although each university approached its partnering differently, they all shared the goal of benefiting the underserved communities where they are located and transforming their institutions by enhancing students' educational experiences and strengthening faculty, student, administration, and staff relationships with local residents. This book shares those relationship-building experiences of the four universities and communities.

The Research Process in the Human Services: Behind the Scenes

In this book, Alexander and Solomon have compiled twenty original research articles (previously published in respected journals) that illustrate and exemplify the research process. Each article is supplemented with informative introductory sections written by the editors, as well as original commentary from the articles' authors, in which they describe how and why they came to do the research and how they chose the topic; what concerns were considered in the design and conduct of the study; their own views about the strengths and limitations of the study; major advice for future research in the area and

their own views about the applications of their findings in practice in both micro and macro levels. Through this presentation, the text explains the experience of research and thus makes the topic more approachable.

Community/Public Health Nursing: Promoting the Health of Populations, 4th Edition

A fresh look from a classic book! What's fresh? New content that responds to today's issues and a bright, full-color design make this text more appealing than ever for students and instructors. New chapter, *Natural and Man-made Disasters*, discusses management of and preparedness for disaster situations. New content on the growing fields of forensic nursing and hospice highlights the unique issues in these areas. New *Ethical Insights* and *Research Highlights* boxes.

What's classic? Instructors and students rely on Nies/McEwen to provide a concise presentation of the issues and responsibilities of contemporary community/public health nursing. An "upstream thinking" approach focuses on factors that are precursors to poor health, with interventions that emphasize community health promotion and prevention of health problems. Photo-novellas engage the student and provide applications of key community health nursing concepts. Detailed case studies specify community aspects of all steps of the nursing process.

NEW & RENEWING MEMBERS

September 2006

Please Join Us in Welcoming the Following New CCPH Members

~ joined between September 1-30, 2006

E-Members

Hairston, Creasie, Univ. of Illinois at Chicago, Chicago, IL

Heightchew, Robert, Jimmy and Rosalynn Carter Partnership Foundation, Roswell, GA

Keegan, Tom, Harvard Medical School, Boston, MA

Kim, Karen, Univ. of Arkansas for Medical Sciences, Little Rock, AR

Magasi, Susan, Rehabilitation Institute of Chicago, Chicago, IL

Redmond, Lezli, Univ. of Wisconsin, Madison, WI

Individual Premium Members

Contardi, Kim, Medical College of Wisconsin, Milwaukee, WI

Howell, Keith, Univ. of North Carolina, Greensboro, Greensboro, NC

Peterson, Tamara, Corvallis, OR

Thorne, Trisha, Princeton Univ., Princeton, NJ

Student Members

Ghanbarpour, Susan, Baltimore, MD

Mistry, Kamila, Johns Hopkins Univ., Clarkville, MD

Organizational Members

American Association of Colleges of Pharmacy, Alexandria, VA

Flynn, Arlene

Lang, William

Maine, Lucinda
Miller, Ken

Massachusetts College of Pharmacy and Health Science, Worcester, MA

Kalis, Michelle

Sherbourne Health Center, Toronto, ON, Canada

Travers, Anna

Wellesley Institute, Toronto, ON, Canada

Troyan, Nadiya

West Virginia Prevention Research Center, Morgantown, WV

Anderson, Robert

Dino, Geri

Horn, Kim

Prendergast, Leesa

Thank You to these Renewing Members for their Continued Support!

~ joined between September 1-30, 2006

E-Members

Cotroneo, Margaret, Univ. of Pennsylvania, Reston, VA

Durand, Margaret, Southwest Louisiana Area Health Education Center, Lafayette, LA
