

## SLHP COURSE DESCRIPTIONS

### **SLHP 331**

#### **Health Care Needs of Underserved Populations—2 Semester hours**

An introduction to the health care needs of underserved populations in the United States. Topics related to health and illness problems of diverse groups in the United States will be discussed, including but not limited to homeless groups, migrant workers, urban poor, and those living in rural settings. Application of the topics discussed will be used in a service learning experience in a local community. 40 service learning hours are part of this course. Students not in the Service Learning Honors program may take the course with permission from the instructor(s) and advisor

### **SLPH 301**

#### **International Health—2 Semester hours**

An introduction to the global health care system emphasizing developing countries. Health and illness issues will be discussed in relation to the world community. Application of the topics discussed will be pursued in a service learning experience outside the United States. Students will be expected to travel outside the United States. 40 service learning hours are part of this course. Students not in the Service Learning Honors program may take the course with permission from the instructor(s) and advisor.

### **SLPH 211**

#### **Spanish for Health Professionals**

A study of Spanish related to health professions. Students will gain familiarity with basic written and oral vocabulary for the assessment of Spanish speaking patients in a variety of settings. No previous experience with the Spanish language is required.
