

CGHE Publications
 (Does not include thesis work or poster presentations)
 Last update: 3/19/07

Workgroup/Aim	Primary Author(s)	Working or Final Title (indicate which)	Status				Publication date & citation
			Submitted to journal (name and date)	Accepted (date)	Accepted w/revisions (date)	Rejected	
Pharmacogenetics	Meckley LM, Veenstra DL	Screening for the alpha-adducing Gly460Trp variant in hypertensive patients: a C-E analysis	<i>Pharmacogenetics and Genomics.</i> 8/1/2005	10/24/2005			<i>Pharmacogenet Genomics.</i> 2006 Feb;16(2):139-47.
	Jaja C, Burke W, Thummel K, Edwards K, Veenstra DL	The Prevalence of P450 Drug Metabolizing Enzyme Polymorphisms in Native American Populations: A Systematic Review.	Poster at ACMG meeting March 2006; paper submitted to <i>Genetics in Medicine</i> , rejected 8/24/06, to be resubmitted to <i>Community Genetics</i> 9/06.				
	Henrikson, NB, Veenstra DL, Burke W	Pharmacogenomic tests: more information than you need to know?	Poster at ACMG meeting Mar 2006; paper in preparation for Sept/Oct 2006 submission to <i>Submitted to The Pharmacogenomics Journal, 10/06.</i>		Resubmitted with Revisions 3/1/07		
	Haga SB, Thummel KE, Burke W	Adding pharmacogenetics information to drug labels: lessons learned	<i>Pharmacogenetics and Genomics.</i>				<i>Pharmacogenet Genomics.</i> 2006 Dec;16(12):847-854
	Harris JN, Watts C,	Pharmacogenomics and aminoglycoside-	Poster at ACMG meeting March 2006;				

Workgroup/Aim	Primary Author(s)	Working or Final Title (indicate which)	Status				
			Submitted to journal (name and date)	Accepted (date)	Accepted w/revisions (date)	Rejected	Publication date & citation
	Burke W, Gibson R, Rosenfeld M, Veenstra DL	induced hearing loss in cystic fibrosis patients: An evaluation of potential clinical and economic outcomes (with Genetic Services and Policy Project, D. Lochner-Doyle PI, HRSA)	paper in preparation for <i>Genetics in Medicine</i> .				
Health Disparities	James RD, Yu JH, Henrikson NB, Bowen DJ, & Fullerton SM	Strategies and stakeholders: minority recruitment in cancer genetics research.	<i>Community Genetics</i>	6/21/06			In press for 2007
	Paradies YC, Montoya MJ, & Fullerton SM	Racialized genetics and the study of complex diseases: the thrifty genotype revisited.	<i>Perspectives in Biology and Medicine</i>	12/6/06			In press for 2007
	Fullerton SM, Yu JH, Crouch J, Fryer-Edwards K, & Burke W	Population Attribution and the Role of 'Race' in Genetic Association: PPARg Case Study	In preparation for <i>PLoS Genetics</i>				
	Yu JH, Goering S, Fullerton SM	Health Disparities, Justice, and Race-Based Medicine: Explaining the BiDil Phenomenon	In preparation for <i>Cambridge Quarterly of Healthcare Ethics</i>				
	Yu JH & Fullerton SM	Ancestry Informative Markers (AIMs): Silencing the Social	Oral Presentation at 4S Mtg Nov 2006; In preparation for <i>New</i>				

Workgroup/Aim	Primary Author(s)	Working or Final Title (indicate which)	Status				Publication date & citation
			Submitted to journal (name and date)	Accepted (date)	Accepted w/revisions (date)	Rejected	
		Critique of Race in Genetics	<i>Genetics and Society</i>				
Newborn Screening	J Crouch, K Battuello, W Burke W	Newborn screening: Analysis of policy documents, 1960-present.	Manuscript in process.				
Genetic Susceptibilities	Burke W, Press N	Ethical obligations and counseling challenges in cancer genetics.					<i>J Natl Compr Canc Netw.</i> 2006;4:185-91
	Burke W, Press N	Genetics as a tool to improve cancer outcomes: ethics and policy	<i>Nat Rev Cancer</i>				<i>Nat Rev Cancer.</i> 2006 Jun;6(6):476-82.
Translational Framework	P Deverka, W Burke, K Edwards, K Fryer-Edwards, L Garrison, S Haga, P Kuszler, N Press	The Translational Framework: the informational chasm. Manuscript in progress.	Target journal: <i>Nature Genetics</i>				
Testing Justice	S. Goering, S Holland K Fryer-Edwards	Responsive Justice: Transforming Genetic Research involving Native Americans	In progress: Target journal: <i>Hastings Center Report</i> , March 2007				
Miscellaneous	Fryer-Edwards K, Fullerton SM	Relationships with Test-Tubes: Where's the Reciprocity?	<i>American Journal of Bioethics</i>				<i>Am J Bioeth</i> 2006. 6(6): 36-8.
