

NUTRITION FOCUS

for Children with Special Health Care Needs

...a newsletter for the health professional who works
with children having special health care needs...

This bi-monthly newsletter features nutrition issues of children with special health care needs. The newsletter is designed for health care providers and others who serve these children in a community or ambulatory setting. Each feature article highlights a specific disorder or nutrition concern and offers practical suggestions through:

- nutrition assessment and intervention strategies
- case studies
- references and resources for clients, families, and the health care professional.

Nutrition Focus is published by the Nutrition Section of the Center on Human Development and Disability at the University of Washington. http://depts.washington.edu/chdd/ucedd/ctu_5/nutritionnews_5.html
