

# NUTRITION FOCUS

## for Children with Special Health Care Needs

...a newsletter for the health professional who works  
with children having special health care needs...

This bi-monthly online newsletter features nutrition issues of children with special health care needs. The newsletter is designed for health care providers and others who serve these children in a community or ambulatory setting. Each feature article highlights a specific disorder or nutrition concern and offers practical suggestions through:

- nutrition assessment and intervention strategies
- case studies
- references and resources for clients, families, and the health care professional.

*Nutrition Focus* is published by the Nutrition Section of the Center on Human Development and Disability at the University of Washington. [http://depts.washington.edu/chdd/ucedd/ctu\\_5/nutritionnews\\_5.html](http://depts.washington.edu/chdd/ucedd/ctu_5/nutritionnews_5.html)
