Faculty Advisor and Committee Members:

Would you like to be matched with a mentor:

in your discipline? in another discipline? no preference?

Are there any specific companies or fields you would be interested in having a mentor from?

All Applicants, Please Fill Out the Following Section:

Would you prefer a male or female mentor? Male Female No Preference

If we are unable to match you with a mentor immediately, would you like (check one):

to be placed on a waiting list and matched with the next available mentor according to your preferences

to be matched with the first mentor available

other (please explain):

Can you tell us more about qualities that you are looking for in a mentor and what you would like from the mentoring relationship?

Please tell us about your research interests and your plans after graduation:

Is there any personal information you would like to us to take into account for matching?

Please send completed applications by email to Chemistry Department Graduate Mentoring:
mentoring@chem.washington.edu

*Thank you for your interest. You will receive an acknowledgement in 1 to 2 weeks.
