ON PIGS AND ROBBERS

On October 25, 1969 at 9:00 p.m. Defense Captain Arron Dixon, Jake Fiddler, Panther-in Training, and Anthony Ware, Lt. of Education entered the yet unoccupied Panther House. The house was unoccupied because the bootlicking, black landlord at the time, had not attempted to repair the broken water pipes, broken windows, or even fix the furnace downstairs. When we entered the house, shaving cream was sprayed on the stairway leading upstairs, and on the adjoining walls. When we reached the top of the stairs we we found blankets and chairs stolen, windows broken into, dishes taken and a brand new furance ripped up from the floor and carried out the house. On October 29, 1969 about 1:45 p.m., a car (later learned to be a pig car rolled up in front of the Panther office. A pig got out of the car and approached the display table . The pig having no respect or regard for the people took the paper from the table, without paying. This is usual I.Q. of most Pigs.) These two incidents show that they haven't as yet reached the level of Chicago, or Los Angeles. They are still learning here in Seattle...building their nervern. Building to the high level of Fascism such as Chicago, New York, or Los Angeles, where Panthers, Blacks, and other oppressed people are being shot, beaten, murdered and railroaded through the courts everyday. People (especailly Black People) must not take actions of these Pigs lightly. They are proven killers, (Remember Butch Armstead, Robert Reese, Eddie Lincoln, Bobby Hutton), proven stromtroopers, remember the breaking into the home of Mrs. Bible, which she and her children were brutalized by Fascist Pigs. Judging from the talk from brothers in the street, the Pigs are arresting brothers as they have in the past, only now at a more alarming rate, holding them for five or six days (sometimes longer) at a time and later released. I don't have to write an essay on what's going to happen to Black People in Seattle and in the nation if they don't get together. The Conspiracy Trial should testify to that fact. The people being railroaded on that conspiracy charge represent a whole cross-section of the Amerikkkan people, and with Chairman Bobby Seale being chained and gagged to his chair is a preview for the mass genocide to be launced (and it has begun) against Black People. And so we would end by saying to the Masses of the People:

SEIZE THE TIME

SEIZE YOU !!!

APPEAL TO THE BLACK COMMUNITY

This is an appeal to the Black Community that will be brought to you in parts starting with Part I. It will later be compiled into one Document for presentation as a whole.)

The B.P.P. needs volunteers to work, the community to participate in the expansion and running of all the self determination programs. Donations of Dentists, Specialists, Equipment, Medicine, Food, Transportation, and Money, are necessary. Community members are to start medical training for their own practice in running the programs. With more community participation the community can have as many programs as it needs or wants to feed and clothed and give medical attention to all the oppressed people in Seattle and, especially Black People. Denial of basic needs of hurman beings Food, Shelter, Clothing and Medical Care. Due to the denial of the first three basic needs. More community centers (information) need to be established along with more medicals centers Black People have to become involved in their own future for our survival and existence as a people in Amerikkka. " Land of the Slave and Home of the Dead" Winter is upon us again can we still " Say It Loud " and afford to let the youth go and get non-educated with no shoes, outer wear, proper nurishment and because of the lack of these necessities can we afford the lack of medical attention. Our survival as a Nation is at stake, not to mention that due to the most recent forms of repression in Chicago and L.A. And the consisteney of this repression there won't be any more PANTHERS around soon (or will there)? to run the programs and then what are you going to do? HUH? The people of L.A. after the serch & destroy missin of the occupation forces of the Black Colony there, Mother Country Radicals and Black People began repairing Panther Headquarters and their own cpmmunity center. Selling 15,000 Panther Papers, in less than a week setting up instant medical stations on the coners just before the pigs vamped on the People, feeding all of the people who helped repair their headquarters, and those who were just hungry, first aid stations were set up in community houses after the People were vamped on. This incident should demonstrate to the people that liberation or freedom cannot be obtained within the system, the shit must be taken into the streets and even into the hills. RIGHT ON! What's the difference between the slightest difference in repression between Seattle and Los Angeles. Will we never be able to help ourselves or shall we, be dependant upon our enemy, (Con't page 2)

For the rest of our duration of life existence?

WASHINGTON STATE CHAPTER B.P.P.

EUGENE PIG HARRASMENT

The racist pigs in Eugene, Oregon are trying to railroad Elmer Dixon into jail on a bull-shit tip. The victim who was robbed says he was walking down the street when he passed a Red "Comet" with four "negros" in it. He said as he walked further down the street he looked back and two of the negros were walking after him. The red Comet passed him and turned the corner, the taller of the two negros called him "hold up" as he stopped the tall negro asked him, "how would he like to sell his leather jacket," he replied, "he would not" the negro then pulled a gun and said how would he like to give the jacket to him. He said he was told to remove the jacket and to turn around and walk down the street and that if he was to look back he would be killed. Mean while the shorter of the two robbers asked for his wallet and money. The victim then went to his frat house and called the police. They immediately took the victim downtown to identify some mugg-shots of the Black People here in Eugene who fit the description of the two suspects, he could not identify anyone from Eugene, so since the pigs knew Brother Elmer Dixon was in town from the Seattle Chapter of the Black Panther Party, they sent for his picture from Seattle and the victim identified it. They then sent word to the Seattle Pigs Department to pick Brother Elmer Dixon up at the bus station in a YELLOW MUSTANG! This can be proven by four brothers who were with him. Number two, at Brother Dixon's preliminary hearing, a Seattle pig stated that the only way he knew of sending the suspects picture out was through the mail, and he had been on the force for four years, so I want those racist Pigs of Eugene, Oregon to tell the People of Seattle!! How in the Hell could they have gotten Brother Elmer Dixon's picture from Seattle in a couple of hours and had him picked up in Seattle.... This is the pigs way of stopping members of the Black Panther Party from "Serving The People", through exile, jail, and murder. We of the Black Panther Party and all revolutionary people say "Right On! Motherfuckers, you are just bringing the day closer when you and all your filthy kind will be wiped from the face of the earth, because everytime you railroad one of us into your concentration camps on some trumped up charges, the People's eyes become a little more open and soon you will feel the" Armed wrath of the People and the People's justice is final justice. As it stands now, at his last court appearance after hearing testimonys from Imported Pigs from Portland & Seattle. These testimonys were in contradiction to the testimonys of the brothers who were with Mr. Dixon at the time, and could account for his every move. The Jury after final argument by the attorneys deliberated for approximately 1 hour and 10 min. and came up with a verdict of guilty!!!! The District Attorney wanted to have Bro. Dixon

arrested then and there, upon request of the Defense Attorney, the judge ordered a pre-sentence investigation. Mr. Dixon returns to Eugene Oregon on the 13th of January this year for sentencing. His Appeal Bond will be in the Neighborhood of \$3,500.00 and any and all donations are needed Now!! Send these Donations to "Welton Armstead Community Center 173-20th Ave. EA4-8818"

ADC MOTHERS STAND IN SOLIDARITY

On Dec. 29, 1969, The ADC Mothers numbering about 250 strong marched on the state of Washington's capital "Olympia" to protest the recent welfare cuts. These mothers went to Olympia in Unity and Solidarity with mothers of every race. Chicano Sisters, Indian Sisters, White Sisters, and Black Sisters, were there together to express their views not only concerning the recent cuts, but also the entire problem of Babylon (America). Who is their common enemy. And directly to these Demagogic Politicians!! These sisters know that even through they went to Olympia, the puppets of Washington State Administration, would lie, oink and promise the People the way they have for over 100 years. These sisters were Right ON! they turn what was suppose to be a usual hearing of the "Poor and Angry" who in reality are the oppress masses of Babylon (Amerikkka) into a court for these Punks, such as Sidney Smith and the lower lackies, puppets and running dogs of Pig Porky Pine Nose governor Dan Evans. Several of these sisters rappes about the reality of "ALL POWER TO THE PEOPLE" in great depth. One Black Sister and mother of 7 kids Miss Ida Mae Froster explain about the problem in Amerikkka being one of "the Poor against the Rich" and not the color of ones skin. Also ida rappes about the milhouse Nixon administration and all the other legistures don't care about the color of our skin! and
(Continued)

the thing for all Poor People to do is to come together and stop doing your own thing!! During the course of the sister rapp she gave Punk Sidney Smith her youngest son Rodney and told him to hold him, that the color of his skin would not rup off on him" . During this action the people begin shouting for the Sis-sy Punk to take him, so he was forced to. Ida took it to another level, by using actual experience, the sister began to rap about "that her child was hurman justlike his and that he need to eat just like his, and that heneeds a place to sleep and proper clothing which are basic things needed to live " but the only difference is that his along with the other running dogs lying law makers, is that they will lie, oink and promise to Poor Oppress People here in Babylon on the home level and on the international level in the name of the same People(Oppress), to make sure that they do! Janet McCloud a Indian sister from a reservation here in Washington rapped about how Red Brothers and Sisters could'nt qualify for welfare. Because they are wards of this Fascist Racist, government. and that they live a comfortable life for animal of their nature here in Amerikkka. Sister Janet brought out the contradictions of this fantasy, with historical material facts. She espouse about the fact that the Indians have the highest infant mortity rate in the state of Washington. Janet also explain how the welfare promoter " Prostitution among women in general, and the Indian woman in particlar. When a Red sister go into the Welfare office to apply of assistance and are told that "they would have to find a gentleman friend" to help with their financial problems. This sick fascist, racist system is telling the mother to sell their bodies andois forceing them to this in one manner or another!! But because these mothers are too hurman and full of motherly love to let their children go hungry, unclothe property they will use any means necessayt to supply these needs to their children, by just taking it "away". Its's not enough that this decadent-ed Racist, fasicst, system makes these fathes leave home so that these mothers can get on welfare but tham to tell them that they have to find a "gentleman friend" not to mention if the lacky case worker finds out they are cut off of their only means of survival. Now I say to you what kind of shit is this? Where does one escap this sort of torture? The Black Panther Party understands that the welfare if a tool used by the ruling class to oppress people in Babylon by keeping them down, by manipulating them to become depentent upon thistool of oppression. In true reality anything that thisvulturist government do in the name of the Betterment of the People, is always a means of oppressing them at a more extensive level. The masses of People are beging to realize that the Welfare is just another Fascist plan of systematic genocide or cover murder. For more than 400 years the Blacks in Amerikkka has been denied our basis rights. Such rights as food, adiquate shelter warm clothing and proper medical care. This cut in Welfare is just another welfare cut. These hogs ass Pigs have been cutting welfare ever since they created this oppressive Idea. These domgogic politicians , use foregin troops (Pigs) to patrol our black colonies and to back up their intertest in our colonies.

But like our Minister of Defense Huey P. Newton says " The spirit of the people is greater than the mans techology" Right On! Every--time these pigs cut the welfare check , The Black Panther Party will implement more Breakfast Programs, Free Medical Clinics and Free Clothing Centers, and will go forth to teach the truth to the masses of people and we will use the recent events that the People are familar with, for example the unresponsiveness of the governmental system. Every Breakfast we serve to the children of these mothers will kip them to the Shit the F--ked Up system is putting down!!! For in reality " The youth makes the Revolution"

TRIAL AND CONVICTION BY THE PEOPLE

The New Careers Program, along with Upward Bound, H.E.P. and Job Corps, are pacification programs that have to be exposed to the people They have to be exposed in their known to the people. They have to be exposed in their true sense, as major part of the oppression that is known to the people, especially black, in America. The oppressive pacification programs that exist in the black colonies today are controlled by puppes niggers that don't think the people will ever awake up to this fact and will stay idle to it for another 400 years. That's bullshit! the people are already hip to what's happening. They got hip in the last three years. They understand that these uncle tom niggers aren't directly responsible but that they have to be delt with too. The People in the black colonies are correcting the wrong and bad factins that could attempt to steer the revolution in the wrong light in the colonies. The people are hip to who the Pork Chop Cultural Nationalists are, who the Black slumlords are, who the Bougisie Class Colonized Capitalists are; what their roles are, and .. what they are doing to their own people to keepthrm just as oppressed as ever with an outlook for complete Capitalism in the era of the 70's. The people have been taking this shit for two long to continue to take it any longer. They realize that thes bad factions are in direct contradicthn to the revolution and that these factions were shot off, at the (Con't on page4)

at the time, into the mass confusions that black people had about the worth and where they were going. Most of this confusion has been straightened out, but quite a bit still exists and will be corrected by the people by any means necessary; which is the gun. We say down with the puppet niggers, off the ruling class that licks the boots and asses of Nixon and his regime. We've got something for all of them; the a---lickers, the pigs, and the main motherfucker who stuck his d---k in the people and all the rest of his running dog lackies. A bullet in the ass of a pig, is worth more than all the poverty programs in Amerikkka. We say a bullet in the ass of the director of the New Careers Program in Seattle, Wash. The assistant Director as well as the Director of the Concentrated Employment Program, and the project officer of the so called Labor Department of this police state, along with the punk sissy co-ordinator of New Careers should be captured and brought to the camps of the people for trial and be convicted of the charges of thriving off the crimes committed against the people and be hung. Until then, they are to be labeled as "Enemies of the People". I pose this question to the people of Seattle, the city with a future! How in the f---k can we sit up and do nothing about the New Careers Program that has existed in Seattle for two years by running a game on the people in the Central Area? The employment problem that exists in Seattle and the rest of Amerikkka was a counter revolutionary move to keep us oppressed, and to make us think that things really are this bad. Unemployment was programmed to conflict with this achievement, success and life betterment, just as constant hunger, indecent housing and nothing to wear conflicts with the riches of a few in this nation of many people. What is the New Careers Program trying to do; meet this so called problem with training to find jobs that never did exist and never will? Because if they existed, there wouldn't be such a thing as unemployment. So we say f---k the demagogy of pacification programs. The New Careers Program in Seattle, at the end of their second year has \$92,000 left in their program with big promises for more money by local motherfucker SKCEOB who mothers the funds for all the poverty program under the guise of Community Action Programs. The New Careers has taken is one that tells the people in so many words or less that you fill out your application at Concentrated Employment Program (CEP) or go there to register for New Careers, and after that you are qualified and considered eligible. Then, the CEP director refers you to the director or assistant director of New Careers, and they tell you that the program is based on the Earn and Learn on the job training bit. They tell you that you will go to school two days a week and work the other 3 days in the area that you are training, for \$416.00 per month, paid on the 31st day of each month if you are accepted. They tell you that if you keep this up for two years you will be given a job placement upon completion in the specific area that you're trained in. They also offer a punitive variety of training areas. Training and work in such white-wash areas as parks and recreation manging, teacher aides, parole and probation aides, and social service assistant aides for the people to fall victim to.

People have been bought out, forced out etc. The asst. director quoted 91 persons as being "successfully" involved in these programs. But reliable sources quote that 25 people have been forced out of one area as a whole and that there are even 60 or less people in the overall 4 areas. What happened to the New Careers Program that Boasted an enrollment of 200 people? What's happening to the government money? Why hasn't the program been accepting anyone for two years except application wise? The People say that the funds are being controlled by an agent in the state labor department, who happens to be Robert Divers, who thought he was out of the spotlight. We know who pulls punk Divers strings, but let me tell you whose strings he pulls. He pulls the strings of uncle tom puppets Jim Henderson, the New Careers Director, Jim Every, Concentrated Employment Program director, Willis Ball, Co-ordinator in New Careers, Chuck Adams, Co-ordinator in New Careers, and Dave Bowen, the assistant director in New Careers. The people now know who you are! You have been expose. They demand that the 12 available slots be filled now! That All of the People that have been forced out of the program be reinstated or replaced immediately. The People have given you Mr. Henderson Mr. Every, Mr. Ball, Mr. Adams, and Mr. Bowen one week to put things back to normal and get out of town or face the verdict of the people-your master pig agent Bob Divers being shot on sight or hung. The people say to you: "New Careers", Stick your 2 week orientation up your a---.

**SIDNEY MILLER FREE
MEDICAL CLINIC**

Monday, December 1, marked the opening of the Sidney Miller Free Medical Clinic. The clinic was named in honor of comrad Miller who was savagely murdered in a West Seattle supermarket, November 7, 1968 by a racist capitalist store manager. The clinic is located on 20th. and Spruce (173 20th.) in the heart of the Black community, and will serve the basic needs of the people in the community. We know that the working masses cannot afford the high medical and medical insurance costs now imposed by hospitals and local doctors, who are known by the people to be notorious butchers of poor and oppressed people (i.e. many black women have gone into the hospital for appendicitis and have come out, unknowingly, sterile).

Prior to the opening of the clinic announcements via mass media, leaflets and community meetings flooded the community basically, concerning the need for volunteers. As a result the community has been very responsive which has attributed to the present fourteen volunteers and several more community people who have voiced interest in donating their time to the clinic.

Also, many druggists in the area have made commitments to supply the medical clinic with the necessary pharmaceutical products.

The clinic will be open Mondays and Thursdays from 5:30 to 9:00 p.m. with doctors on call seven days a week in the event of emergency cases.

In addition to our Health Clinic and the operation of two Breakfast for School Children Programs (of which two more are being planned, making a total of four) we are now in the process of starting two new projects. One will be a free clothing program which will serve the clothing needs of the people in the community. The second will be the opening of a Liberation School which will be held in the waiting room of the clinic when it is not in operation.

We must serve the needs and desires of the people, because we are the oxen to be ridden by the people. In order to educate the people adequately about how to go about their survival

it is necessary to plan physical programs in which their needs are served.

CLASSES AND CLASS STRUGGLE

People, I stand before you with a personal account of the way our government works through the Welfare, Unemployment, and the so-called Anti-Poverty Programs.

I'm a woman and have been married for three and a half years. I've always held a job...from maid to bus driver...to maintain my pride. At the beginning of last year my husband started gambling, leaving debts. I couldn't afford rent or to feed my child, so I changed from my job as a toilet washer for Remada Inn, paying \$1.65 per hour, to a job at the telephone company. I enrolled in a secretarial course to help my family. When I completed the course I got a raise that amounted to \$2.20 per hour before taxes.

I enjoyed my job, but the pay was still non-sufficient, the laws of this Capitalistic Society especially this state of Washington which "has a Woman pay any debt her husband makes" were causing hunger and deprivation to my daughter.

I enrolled in the Poverty Program they never did call me for a job. Finally I heard they needed bus drivers and I got hired on a flat \$420.00 per month. I finally could afford to support my child and myself...and pay my husbands debts.

At the same time I discovered I was pregnant which was like a slap in the face. The last thing I needed was a baby. However, I put in a leave of absence August 15, 1969 and asked that November 15th. be the starting date. On the 31st. of October, I was given a two week notice. I'd been fired exactly 15 days before my leave of absence. Since I had time with pay coming to me I took off 3 days as a result my last check was short. In-

ATTENTION:

If you have sons, husbands or friends who are prisoners of war in Vietnam, send us their name, rank and serial numbers. We will forward this information to Eldridge Cleaver, Minister of Information of the Black Panther Party; and attempt to exchange their freedom for the freedom of the Minister of Defense, Huey P. Newton and Chairman Bobby Seale, who are political prisoners here in "fascist Babylon."

CONT.

stead of \$185.00 I only got \$139.00 for two weeks, I have yet to receive the owed \$46.00. On the third of November my husband walked out on me. I was desperate and in need of money, unable to work...being 4 1/2 months pregnant and there was no food in the house. I went to unemployment. I was informed "KEEP IN MIND THAT I'VE WORKED THREE YEARS IN THIS STATE", that I could not receive unemployment because my last job was for the poverty program. Yet the Federal and State government had been taking money out of all my pay checks!

Between the Federal Poverty Program, and the State-Unemployment Program I had been reduced to an individual who has to go on ADC to feed my child. Something I had always fought against was the fact that a job--any kind of job, gave me pride in myself as a self-supporting individual, and now this society had reduced me to charity. So on the 15th. of November I went to ADC, I was suppose to receive rent on the 21st. and money for food. On the 5th. of December my full check, plus what they owed me for Nov. was suppose to be at my house. It is now the 5th. of January and I've only received \$20.00 from ADC and my manager is about to put my child and myself out in the cold, the food is almost gone. I've received only empty words and looks filled with contempt from those who are suppose to help me. People I ask you, what kind of sick society is it that takes your pride...steps on it..forces Charity and then has you beg for it to feed your starving children? How can they claim to be run by the people? They are trying to say you condone this type of suffering.

We say forget this type of Capitalism, stand up for the rights of people. All people....not just chosen few individuals who think of themselves as 'Gods'.

We say:

i must confess that i still breathe
though you are not yet free
what could justify my crying start
forgive my cowards heart
— but blame me not the sheepish me
for i have just awakened from a deep, deep, sleep
and i be hazed, and dazed, and scared
and vipers fester in my hair
BLACK MOTHER i curse your drudging years
the rapes, and heart-breaks, sweat and tears
— but this cannot redeem the fact —
you cried in pain, i turned my back
and ran into the myers fog
and watched while you were dogged
and died a thousand deaths
but i swear on seige night dark and gloom
a rose i'll wear to honor you, and when i fall
the rose in hand
you'll be free and i a man
for a slave of natural death who dies
can't balance out to two dead flies
i'd rather be without the shame

if i were not to reach our goal
let bleeding cancer torment my soul.
