

Come join us for [Seattle Tilth's May Edible Plant Sale](#) , where you'll find the largest selection of organically, sustainably and locally grown vegetable plant starts in the Puget Sound Region. It's happening Saturday, May 3 and Sunday, May 4, 9 a.m.-3 p.m. at Meridian Park, behind the Good Shepherd Center.

We are looking for volunteers to help out in all areas of this event to help get local, organic veggie & herb starts out to the community. Volunteers help prep plants, set-up, educate customers about plant varieties, check-out, cashier, tear-down and much more. It's a great way to spend a weekend! Multiple shifts/times are available both before and during the event. [SIGN UP NOW!](#)

As a perk, all May Edible Plant Sale volunteers are invited to the exclusive [Early Bird Sale](#) for FREE on May 2 from 5-7 p.m. where you will get the first selection of plants! If you're unable to attend, you can send someone to shop in your place.

We would love your help to make this event a huge success. Please don't hesitate to get in touch with any questions.
