

Plant Ecologist, Assistant Professor, Tenure-track. Starting in August 2015.

Primary responsibilities will be to teach upper-level courses in ecology and in plant biology, contribute to introductory and intermediate courses in the Biology major, participate in the College's First-Year seminar in critical inquiry, and mentor undergraduates in our nationally recognized senior research program. Ability to teach biostatistics is a plus. Ph.D. required; postdoctoral research and/or teaching experience preferred. Upload resume, unofficial undergraduate and graduate transcripts, statement of teaching philosophy, description of research program, and three letters of reference to [apply.interfolio.com/25908](mailto:apply.interfolio.com/25908). Address questions regarding the position to Rick Lehtinen ([biology@wooster.edu](mailto:biology@wooster.edu)<<mailto:biology@wooster.edu>>). Application deadline is October 20, 2014.

The College of Wooster is an independent college of the liberal arts and sciences with a commitment to excellence in undergraduate education. The College values diversity, strives to attract qualified women and minority candidates, and encourages individuals belonging to these groups to apply. Wooster seeks to ensure diversity by its policy of employing persons without regard to age, sex, color, race, creed, religion, national origin, disability, veteran status, sexual orientation, gender identity and expression, or political affiliation. The College of Wooster is an Equal Opportunity/Affirmative Action Employer.

Employment is subject to federal laws requiring verification of identity and legal right to work in the United States as required by the Immigration Reform and Control Act. Drug-free workplace.
