

Tenure-track position at the Assistant Professor level in Natural Resource/Environmental Management. Start date is August 2015.

The University of North Carolina Wilmington seeks a natural resource/environmental management specialist who will be responsible for developing and teaching undergraduate and graduate courses in natural resource/environmental management, as well as supporting the current Environmental Studies curriculum. Preference will be given to candidates with expertise in GIS/remote sensing and statistics/modeling with a research program that focuses on current natural resource management issues in one or more southeastern U.S. ecosystems and complements existing faculty expertise. Experience with the business and planning aspects of natural resource management are desirable. The successful candidate must have a Ph.D. or equivalent terminal degree (if ABD, Ph.D. must be completed by start date) in natural resource/environmental management, environmental science, or related discipline, have a strong commitment to teaching, and be able to develop a dynamic research program. Successful candidates will have the ability to teach and conduct research within the interdisciplinary context of the fields of Natural Resource/Environmental Management and Environmental Studies. Teaching duties include introductory and upper division courses, as well as additional upper level and graduate courses developed in his or her area of expertise.

UNCW is located five miles from the Atlantic Ocean on a beautiful 656-acre campus in the historic port city of Wilmington on the Cape Fear River. The University currently enrolls more than 14,000 students. Further information about UNCW and the Department of Environmental Studies can be accessed at <http://www.uncw.edu/evs>.

To apply please visit the Web at

[<http://consensus.uncw.edu><<http://consensus.uncw.edu/>]<http://consensus.uncw.edu><<http://consensus.uncw.edu/>>. A letter of interest, curriculum vitae and contact information must be attached to the online application system - not e-mailed, mailed or faxed. Adobe PDF or Word format documents are required. Priority consideration will be given to applications received by December 1, 2014, but they will be accepted until the position is filled. The position starts August 2015. For questions regarding the online application system contact Human Resources at 910-962-3160.

UNCW actively fosters a diverse and inclusive working and learning environment and is an equal opportunity employer. Qualified men and women from all racial, ethnic, or other minority groups are strongly encouraged to apply.
