careers.wa.gov
Working for Washington State

Non-permanent Fish Hatchery Technician *12218-15

SALARY: \$1,929.00 - \$2,482.00 Monthly

OPENING DATE: 01/05/15

CLOSING DATE: 01/12/15 05:00 PM

DESCRIPTION:

Our Mission
To preserve, protect and perpetuate fish, wildlife and ecosystems while providing sustainable fish and wildlife recreational and commercial opportunities.

Vision
Conservation of Washington's fish and wildlife resources and ecosystems.

The Washington Department of Fish and Wildlife (WDFW) is dedicated to protecting native fish and wildlife, and providing sustainable fishing, hunting and wildlife viewing opportunities for millions of residents and visitors. Working throughout the state, WDFW's employees—field biologists, enforcement officers, land stewards, lab technicians, customer service representatives and others—manage hundreds of fish and wildlife species, maintain nearly a million acres of public wildlife lands, provide opportunities for recreational and commercial fishing, wildlife viewing and hunting, protect and restore habitat and enforce laws that protect fish and wildlife resources. Find out more about us and the important work we are a part of at www.wdfw.wa.gov.

There one (1) 3-month non-permanent Fish Hatchery Technician position in the Fish Program, Hatchery Division. The duty station is the Soos Creek Hatchery located at 13030 Auburn Black Diamond Rd, Auburn, WA. Anticipated start date is March 2, 2015 through May 29, 2015.

DUTIES:

Fish Culture; Feeds fish their calculated daily ration; monitors fish behavior, health, egg and fish production; calculates and administers drugs as prescribed; identifies, sorts, and samples species for spawning and adult distribution; cleans ponds and raceways, troughs, and incubator systems, identifies marked adults and collects tags/marks for bio sampling and records data; collects fish tissue and fluid samples; performs fish inventories, splits, marking trailer inventories, weight samples, releases and plants fish.

Recordkeeping and Reporting; Enters data into forms and spreadsheets (e.g. fish mortality, feed sheets, feed inventory, and chemical usage); accurately fills out agency forms such as fish transfer tickets, hatchery invoice tickets, etc. Submits complete and accurate forms required. Assist in developing in-house forms as required.

Operation and Maintenance of Facility; Monitors water flow and quality parameters; takes water samples and readings (e.g. dissolved gases, suspended settleable solids, and other parameters as required) maintains proper water flow and rearing environments; responds to alarms; monitors and maintains facility support systems; actively identifies safety hazards and takes action or recommends remedies as appropriate.

Operation and Maintenance of Equipment; Organizes and maintains hatchery tools, equipment, and grounds; identifies and communicates safety concerns (management to staff and staff to management), uses tools and equipment properly and safely.

Public Contact and Communications; Responds to/answers questions from visitors or outside entities in a polite professional manner. Conducts organized tours; identifies the best way to respond with difficult-to-answer questions or when information is not readily obtainable.

Working Conditions: Typically work 5 8-hour days per week, depending on time of year; includes days, nights, weekends, and holidays as needed. Working outside in adverse weather conditions and perform strenuous physical activities. This position requires a valid driver's license. (If selected for an interview, you may be asked to furnish your license and driving record.)

Special Note: All applicants considering applying for this position should understand and consider that standby is a requirement for all positions in the Fish Hatchery Specialist series. Management may determine it is necessary to assign it in order to accomplish the goals and objectives of the agency and as necessary to protect the resources of the agency and if assigned, it will be a requirement of the position.

Union

This position is covered by a collective bargaining agreement between the State of Washington, Department of Fish and Wildlife, and the Washington Federation of State Employees (WFSE), which contains a "union security" provision. This means that, as a condition of employment you must either join the union and pay union dues, or pay the union a representational or other fee within 30 days of the date you are put into pay status.

QUALIFICATIONS:

Graduation from high school or GED. **Preferred work experience in a hatchery setting.**

Knowledge and Abilities Desired:

1. Basic fish culture techniques; rearing procedures.
2. Basic computer skills, familiarity with Microsoft Outlook and Excel software.
3. Water dynamics (e.g. flows, flow patterns, availability, temperature, etc)
4. Calibration of specialized instruments (e.g. scales, Dissolved Oxygen meters)
5. Basic math skills; calculate and understand quantities and proportions
6. The ability to lift up to 50 lbs out of doors in all weather conditions and perform strenuous physical activities.
7. Safe and proper use and maintenance of tools and equipment.

SUPPLEMENTAL INFORMATION:

To apply for this position you **MUST** complete your profile at www.careers.wa.gov and attach the following to your profile before completing the online application:

Three professional references (personal references do not count as professional)

Please note: Failure to follow the above application instructions will lead to disqualification. E-mailed documents will not be accepted in lieu of attaching your documents to the online profile.

Upon submission of your online application, you will immediately receive a confirming e-mail. You will then be notified via e-mail of your status during the process. In addition to the e-mail notifications, you can check the status of your application at any time by visiting your online profile at www.careers.wa.gov. Due to the high volume of applications that we receive, we ask your understanding and encourage you to use the online process and avoid calling for information.

The Department of Fish and Wildlife is an equal opportunity employer. We strive to create a working environment that includes and respects cultural, racial, ethnic, sexual orientation and gender identity diversity. Women, racial and ethnic minorities, persons of disability, persons over 40 years of age, disabled and Vietnam era veterans and people of all sexual orientations and gender identities are encouraged to apply. Persons needing accommodation in the application process or this announcement in an alternative format may call (360) 902-2276 or the Telecommunications Device for the Deaf (TDD) at (800) 833-6388.
