

KESRP Job Postings 2015

The Kauai Endangered Seabird Recovery Project is about to start hiring for the new season with a large number of jobs just posted on the RCUH website. If you, or anyone you know, might be interested - and more importantly capable of working in remote locations with nocturnal seabirds (!) - then please forward the details on to them.

There are 6 job postings representing 13 positions, as follows:

KESRP Job posting 1 of 6 : Endangered Seabird Field Assistant (ID 15026) 4 positions, running from mid-April to December.

KESRP Job posting 2 of 6 : KESRP Field Technician (ID 15025) 1 position, running from March to December

KESRP Job posting 3 of 6 : Seabird Translocation Project Field Assistant (ID 15022) 2 positions, running from Apr to Nov.

KESRP Job posting 4 of 6 : GIS Analysis & Database Assistant (ID 15023) 1 position, running from Mar to Dec.

KESRP Job posting 5 of 6 : Underline Monitoring Project Field Assistant (ID 15027) 4 positions, running from Mar/Apr to Nov/Dec.

KESRP Job posting 6 of 6 : Underline Monitoring Project Technology/Wildlife Assistant (ID15024) 1 position, running from Feb to Dec.

To apply for the jobs you need to go to <http://www.rcuh.com/wps/portal/RCUH> and then click 'Apply' under the Employment drop-down menu. Click on 'See job announcements & apply for a job' and then enter the ID# of the job title itself. There you will find the full details of the position.

We are looking forward to another productive seabird season here on Kaua'i and some good people to help us make it so!

Cheers -Andre
