2 42 U.S.C. § 1320a-7(a) - Exclusion of certain individuals and entities from participation in Medicare and State healthcare programs.
I. Initial Hiring, Credentialing, and Contracting

A. Prior to hiring or privileging/credentialing an individual or contracting with a vendor, UW Medicine screens the individual or organization against the applicable federal exclusion list(s), including:
   • Department of Health and Human Services Office of Inspector General (OIG) List of Excluded Individuals and Entities (LEIE); and
   • U.S. General Service Administration (GSA) System for Award Management (SAM).

II. Ongoing Screening

A. Subsequent to initial hiring, privileging/credentialing or contracting, exclusion screening is completed against the OIG and GSA exclusion lists: at the following intervals:
   • Workforce members are screened monthly.
   • Vendors are screened on a regular basis, and no less than semi-annually.
   • Vendors determined to be a First Tier, Downstream or Related Entity (FDR) are screened monthly.

III. Notification Responsibilities

A. UW Medicine includes language in its contracts that require vendors to comply with the law to disclose information regarding exclusions from federal healthcare programs.

B. It is the responsibility of each workforce member and vendor to provide immediate notice to UW Medicine upon being (A) excluded, debarred, suspended or otherwise declared ineligible to participate in federal or state healthcare programs or contracts; (B) convicted of a criminal offense as defined by 42 U.S.C. § 1320a-7(a).

IV. Exclusions

A. If a workforce member or vendor has been excluded, debarred, suspended or otherwise declared ineligible to participate in federal healthcare programs or contracts or found to be convicted of a criminal offense as defined by 42 U.S.C. § 1320a-7(a), the appropriate UW Medicine departments are notified for further review and action, as needed. Actions may include the following:
   • Immediate removal of the workforce member or vendor from direct or indirect responsibility for, or involvement in, any federal or state-funded healthcare program until (a) the issue is resolved and (b) it is determined the individual or vendor is not excluded, debarred, suspended or otherwise ineligible to participate in federal or state healthcare programs;
   • Repayment of claims for services in which the excluded individual, to include workforce members, or vendor, participated3;

3 For the purpose of this policy, “participated” means ordered, referred, provided or supported the service.
• Suspension of privileges or termination of the workforce member consistent with the
terms and conditions of employment and/or the privileging relationship; and/or
• Termination of the contract with the workforce member or vendor.

V. Document Retention

Appropriate documentation is maintained for the screening process and findings by the
UW Medicine departments and operational units that perform exclusion screening.
