RESEARCH FUNDING

Tourette Syndrome Association, Inc. - Principal Investigator (\$5,605) 1999 – 2000

"Qualitative analysis of approaches to diagnosis and management of Tourette Syndrome and Comorbid Disorders among General Pediatric Practitioners"

Fleur-de-Lis – St Louis University School of Medicine - Principal Investigator (\$10,000) 2001 – 2002

"Developmental-Behavioral Pediatrics: Resource and Referral Directory: Impact on Management Practices of Pediatric Primary Care Providers"

National Foundation for Ectodermal Dysplasias - Co-Investigator (\$14,200) 2002 – 2003

"Psychoeducational Characteristics in Hypohidrotic Ectodermal Dysplasia"
 This study assessed cognitive, behavioral & educational profiles among children diagnosed with HED.

Research Funding, continued

Association of University Centers on Disabilities – Principal Investigator (\$396,230) In a collaborative agreement with the U.S. Centers for Disease Control “Descriptive Study of Tourette Syndrome – Quality of Life” (20% FTE) Grant Number: RTOI 2004-04-01 This study examines factors that contribute to the quality of life in adolescents with Tourette syndrome with and without comorbid conditions.	2004 – 2006
Tourette Syndrome Association, Inc. – Co-Investigator (\$5,000) “Transporting Behavior Therapy to Neurology Clinics: Adaptation, Dev’t & Feasibility”	2010 – 2011
National Institutes of Health – Site Principal Investigator (\$71,696) 09/15/2011 – 06/30/2014 “7/8-Collaborative genomic studies of Tourette Disorder” Grant Number: 1R01MH092513-01A1 This is a multi-site international project to ascertain, recruit and evaluate people with Tourette disorder as trios (proband + both parents) and as multiplex affected families (proband + 2 or more family members), to build a DNA repository for current and future genetic analysis.	2011 – 2014
National Institutes of Health – Site Principal Investigator (\$73,545) XXXX - XXXX “6/7-Collaborative genomic studies of Tourette Disorder” Grant Number: 1R01MH115993-01 This is a multi-site international project to ascertain, recruit and evaluate people with Tourette disorder as simplex trios (proband + both unaffected parents) to build a DNA repository for current and future genetic analysis.	2018 – 2023
Training Grants	
Pfizer Pharmaceuticals, Inc. – Principal Preceptor (~\$5,000) Scholarship grant for Developmental-Behavioral Pediatrics focus group series	2000 – 2002
Ronald McDonald House Charitable Grant – Awardee (~\$1,500) Gave monthly VIP free access to St. Louis “Magic House” for kids w/special needs	2002 – 2003
American Academy of Pediatrics/CATCH – Invited Participant (Chicago, Illinois) “The Pediatricians’ Title V CSHCN Institute” (Nat’l Center of Medical Home Initiatives)	2003
Academic Enrichment Fund/Seattle Children’s Hospital – Principal Investigator (\$425) “Developmental/Behavioral Pediatrics Core Rotation Directors Survey”	2008
