

Anesthesia Record Amendment

A closed record can now be reopened and amended in Merge AIMS and the PDF record will get updated in ORCA.

Logon to post-op station and click the “Edit/Review/Finalize Case” button which will prompt you for a login.

A login dialog box titled "Patient Data Access Login". It has fields for "User Name:" and "Password:". Below the fields are "Login" and "Cancel" buttons.

Select a date range and uncheck the “Exclude Closed Cases” checkbox to show cases that have already been closed and not appearing on the list, click “Update Procedure List” You may now select the PT Record to be amended.

The screenshot shows a dialog box titled "Open a Case for Editing and/or Finalizing (No Patient Monitoring!)". It contains a table of procedures and filtering options.
