

# AIMS Remote Access Instructions

Follow these instructions if you are using Internet Explorer 11, for all other browsers, see further down

**Step 1:** Enter the following URL: <https://sslvpn.medical.washington.edu>

**Step 2:** Sign in with your AMC User ID and password (Same as ORCA and AIMS)

## UW Medicine Remote Access Basic with Secure Meeting Mode

Username

Password

Sign in and agree to the Terms of use below

**Step 3:** In the following screen, enter U-AIMS-C089A (for UWMC Montlake) or IV-U-AIMS-WE02 (for HMC) under the Terminal Sessions. Click Launch.

For HMC:

A screenshot of a "Terminal Sessions" window. It has a title bar "Terminal Sessions" with a blue icon. Below the title bar, there is a text input field containing "IV-U-AIMS-WE02" and a close button "x". To the right of the input field is a "Launch" button. Further right is a label "Remote Desktop Session to Hostname or IP (eg: test.device.net or 192.168.2.3)".

Remote Desktop Session to Hostname or IP (eg: test.device.net or 192.168.2.3)	

For UWMC:

A screenshot of a "Terminal Sessions" window. It has a title bar "Terminal Sessions" with a blue icon. Below the title bar, there is a text input field containing "U-AIMS-C089A" and a close button "x". To the right of the input field is a "Launch" button. Further right is a label "Remote Desktop Session to Hostname or IP (eg: test.device.net or 192.168.2.3)".

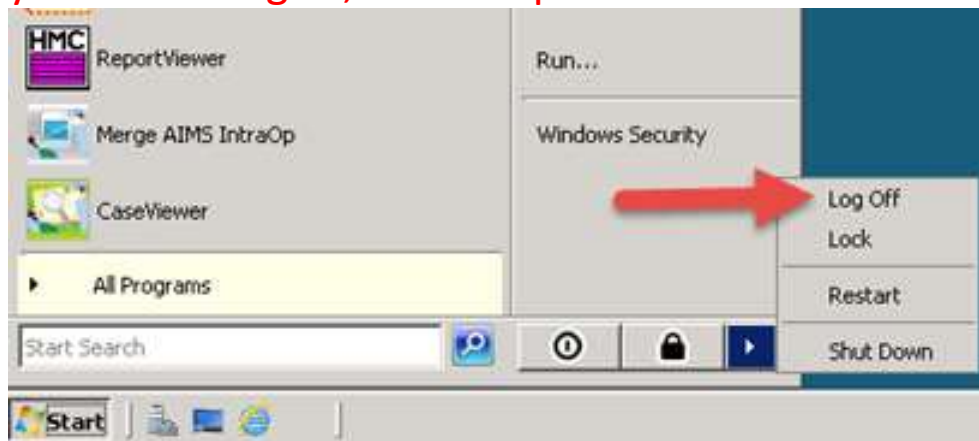

Terminal Sessions	
U-AIMS-C089A x	Launch
Remote Desktop Session to Hostname or IP (eg: test.device.net or 192.168.2.3)	

**Step 4:** You will need to enter your AMC User ID and password (same as for ORCA and AIMS) again. Type “AMC\User Name” in the User name field. Once you login, you will see a computer desktop with the Merge AIMS Postop icon.

### Step 5: LOG OFF

**IMPORTANT:** DO NOT close the window by pressing the “X” mark on top right  
Once you are done using AIMS, please EXIT the application and LOG OFF from the computer. If you do not logoff, another person won’t be able to login.

1. Click on the Start button in the bottom left hand corner.
2. Click on the arrow pointing right, and select LOG OFF.

**For all other browsers, you are required to use Pulse Secure.**

**Step 1:** Enter the following URL: <https://sslvpn.medical.washington.edu>

**Step 2:** Click on the FAQ link.

UW Medicine  
Remote Access  
Basic with Secure Meeting Mode

Username:   
Password:

Users of the Pulse Secure / Network Connect mode are subject to monitoring of all network activity, regardless of source or destination.  
\*\*\*\*\*

For detailed instructions to further assistance, please visit the help page [Frequently Asked Questions \(FAQ\)](#) (User Guide required), or contact UW Medicine Help Desk at [uwmedhelp@uwmedicine.org](mailto:uwmedhelp@uwmedicine.org) or (206) 542-7814.

**Step 3:** You will then be able to select the appropriate Device Type for instructions on how to install.

**Step 4:** Once you are connected with Pulse Secure:

1. To connect to BARRY3 or U-AIMS-C089A, launch the **Remote Desktop Connection Client**.
2. Enter the computer's **Fully Qualified Domain Name** as in: barry3.amc.uwmedicine.org or U-AIMS-C089A.amc.uwmedicine.org

3. Click “Connect”.
4. Login with your UW Medicine credentials. Type “amc\username” in the Username field.
5. If a “Verify Certificate” window pops up, click “Yes” to continue.
6. When finished with the remote session, logoff the **Remote Desktop Connection Client** and click “Disconnect” in the Pulse Secure window.
