

**Purpose**

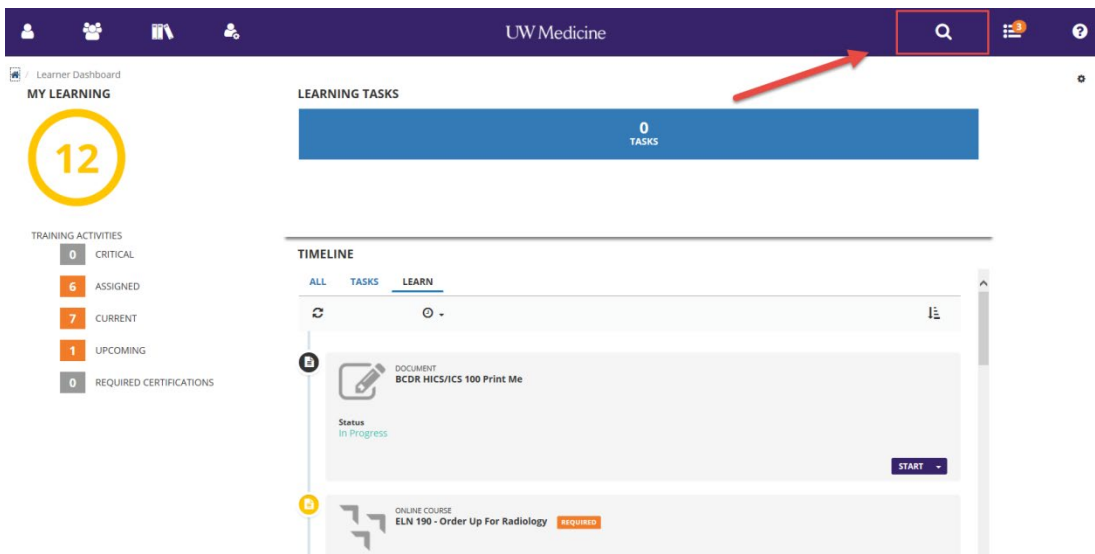

How to self-register for an online training module in the Learning Hub.

**Procedure**

1. Login to the Learning Hub.
2. Click on **My Learner Dashboard** on the home page

3. Use the search icon in the upper right of your home page to search for your training by name.

**For Online courses you only need to click the Start button once you have found your course you would like to take.**

The screenshot shows the UW Medicine Learning Management System interface. The top navigation bar includes the UW Medicine logo, a search icon, and a notification bell with a '3' indicator. The main content area displays search results for 'ELN', showing 20 of 63 results. The results are sorted by relevance. Each result card includes a pencil icon, a title, a description, and a 'SELECT' button. A dropdown menu is open over the second result, showing options: 'Start', 'View Details', 'Add To Development Plan', and 'Register Others'. The left sidebar contains filter options for Activity Type, Delivery Method, Topics, Duration, and Start Date. The bottom of the sidebar has 'SAVED SEARCHES' and 'RESET'/'APPLY' buttons.
