Faculty

John M. Malool, MS, has hands-on experience in hazardous waste site cleanup and emergency response. He presently serves as National Branch Chief in the Marine Safety and Environmental Protection Department, USCGA. John is a popular teacher in numerous hazardous waste training courses at the Centers for Education and Training of the NIOSH-funded New York-New Jersey Education and Research Center. John is acclaimed in Washington State, where he has taught hazardous waste courses for more than 20 years, and in 2003, he was honored with a distinguished safety award by the Washington State Department of Agriculture Waste Pesticide Disposal Team.

Advisory Committee

John Butler. Washington State Department of Ecology

Matthew Bernard. US Coast Guard District 13

Mac Davis, MSPH. Washington State Department of Labor and Industries

Annie Bruck, MN, RN, COHN-S. Northwest Center for Occupational Health & Safety, Department of Environmental & Occupational Health Sciences (DEOHS), University of Washington (UW)

Maribeth Moore. Northwest Center for Occupational Health & Safety, DEOHS, UW

The Northwest Center for Occupational Health and Safety is one of 17 Education and Research Centers funded by the National Institute for Occupational Safety and Health (NIOSH). The Center is responsible for promoting health and safety training and information programs in Alaska, Idaho, Oregon, and Washington. It provides graduate and continuing education programs to upgrade the skills of people working in the broad disciplines of occupational and environmental health.

The University of Washington provides equal opportunity in education without regard to race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran in accordance with University of Washington policy and applicable federal and state statutes and regulations. To request disability accommodations, contact the Office of the ADA Coordinator at least 10 days in advance of the event. 206-543-6450 (voice); 206-543-6452 (TDD); 206-685-3885 (FAX); access@u.washington.edu

Annual Hazardous Waste Refreshers

July 13, 16, 2009, Seattle, WA

July 15, 2009, Olympia, WA

Employees involved in hazardous waste operations can receive their annual eight hours of OSHA-required refresher training by attending this course. A case study, group exercises, and lectures provide students with real-life approaches to hazardous waste site operations. Class size is limited to 30 to ensure interaction between the instructor and participants.

Course content

- Employee rights and remedies
- Hazard recognition and evaluation
- Chemical protective clothing
- Air-monitoring instruments
- Site investigation and characterization
- Decontamination
- Emergency response
- Medical programs

DOT Hazardous Materials Transportation

July 14, 2009, Seattle, WA

This intensive one-day course is designed to provide the federally mandated training to those who deal with all phases of hazardous materials or hazardous waste in transportation. It will provide the information necessary to properly prepare and handle these materials during transportation. This course complies with the training requirements of 49 CFR 172.700 - 172.704.

Schedule

Registration 8:00 am Classes 8:15 am–5:00 pm

Accreditation

Professional credit is available for industrial hygienists, environmental health professionals, and safety professionals.
