Invitation to sponsor and exhibit

You are invited to promote your organization! Sponsorships are available at various levels and exhibit booths are \$450. Exhibit space is limited. Please call us or visit our website for information about benefits and application forms.

Information

Northwest Center for Occupational Health and Safety
<http://nwcenter.washington.edu>
Phone: 206-543-1069 or 800-326-7568
Fax: 206-685-3872 E-mail: ce@u.washington.edu

Registration

\$95 on or before April 16, 2008
\$125 after April 16, 2008

Tuition includes a course manual, handouts, lunch and beverage breaks. We accept checks and Visa/MasterCard prior to the course.

Advance registration is required and accepted in the order received. To save a place, register on-line, by phone, or fax or mail a copy of the registration form to us and to your accounting office. To be eligible for the early registration fee by mail, the form must be postmarked on or before April 16, 2008.

Cancellation must be in writing. Refunds, minus a \$50 cancellation fee, will be issued up to one week before the course. After that, tuition fees are forfeited. Participant substitutions are permitted with prior notice.

The NW Center reserves the right to cancel courses as necessary.

Our symbol, the "Soul Catcher," is a Northwest Coast Indian symbol of physical and mental well-being. (Artist: M. Oliver)

The Northwest Center for Occupational Health and Safety is one of 16 Education and Research Centers funded by the National Institute for Occupational Safety and Health (NIOSH). The Center is responsible for promoting health and safety training and information programs in Washington, Oregon, Idaho, and Alaska. It provides graduate and continuing education programs to upgrade the skills of people working in the broad disciplines of occupational and environmental health.

The University of Washington reaffirms its policy of equal opportunity regardless of race, color, creed, religion, national origin, sex, sexual orientation, age, marital status, disability, or status as a disabled veteran or Vietnam era veteran in accordance with University policy and applicable federal and state statutes and regulations. The University of Washington is committed to providing access and reasonable accommodations in its services, programs, activities, education, and employment for individuals with disabilities. To request disability accommodation, contact the Disability Services Office at least 10 days in advance at: 206-543-6450 (voice); 206-543-6452 (TDY); 206-685-7264 (FAX); or dso@u.washington.edu (e-mail).

Creating a Culture for Safe Patient Handling: The Washington Law and Beyond

April 30, 2008
Seattle, Washington

Sponsored by
Northwest Center for Occupational Health & Safety
Department of Environmental & Occupational Health Sciences
School of Public Health & Community Medicine
University of Washington
and Washington State Safe Patient Handling Steering Committee

Safe patient handling programs are critical

to the well being of both patients and healthcare employees. Washington's pioneering 2006 safe patient handling legislation has focused greater attention on the necessary elements for effective SPH programs. This conference will bring together national experts and Washington hospital direct care staff who are developing and implementing SPH programs to discuss both the challenges and successes. Specific topics include:

- Legislative update
- Assessing hazards
- Designing of facilities for safe patient handling
- Managing change and gaining involvement
- Purchasing the right equipment
- Effective training

The program is structured to promote participation and help attendees get their questions answered. A vendor fair will run the entire day with exhibits of equipment, supplies, and programs.

Who Should Attend

Nurses and other direct care workers, nurse managers, physical and occupational therapists, ergonomists, hospital administrators, union representatives, employee health managers, risk managers, quality managers, and patient advocates. The Washington legislation affects all hospitals in the state, large and small, but much of the program content will also be of value to those in long-term care and other health care facilities.

Accreditation

Professional credit will be available for nurses and other direct care staff, physical and occupational therapists, industrial hygienists, safety and environmental health professionals. Physicians may apply this course toward Category 2 CME credit.

Speakers

Keynote: Audrey Nelson, PhD, RN, FAAN. Director, VISN 8 VA Patient Safety Center of Inquiry, Associate Chief Nursing Service for Research, James A. Haley VA Hospital, Tampa, FL

Dan Eisenman, BA SpCm. Leadership Development Consultant, MultiCare Health System, Tacoma, WA
