Author Responsibilities

Each Author who submits an abstract and paper should:

- Read this kit and follow all of the instructions (this is extremely important)
- Submit their abstract and paper (as a PDF ONLY) and make appropriate payments online before all deadlines
- Check that all information—from the paper file to the spelling of co-authors’ names—is correct
- Contact ASEE staff immediately with any questions or problems
- Assign someone else to manage your paper or pay your fees if you are temporarily unavailable to do so yourself

Potential problems

In past years, errors have prevented authors from having their papers accepted or presented at the conference. Your paper will not be published if you:

- fail to submit a final copy of the paper before the deadline
- fail to pay the $100 publication fee
- fail to register for the conference by the deadline
- fail to assign the paper’s copyright to ASEE so it can be published

Other authors have had papers published with unfortunate mistakes. Please don’t let any of these happen to you.

- fail to add co-authors and check the spelling of their names before submitting a final paper
- fail to proofread your biography before submitting the final paper
- fail to check the uploaded version of the final PDF for formatting and other errors

ASEE has the right to withdraw papers from the 2013 Annual Conferences proceedings if fees are not paid. All registration & proceedings fees for authors are final & cannot be refunded after Friday, March 29, 2013.

Please note: all papers with a faculty member (even papers with student authors) as an author/co-author must have at least one full paid registrant.

For information on all the rates please visit: http://www.asee.org/conferences-and-events/conferences/annual-conference/2013/registration/registration-fees. In addition, ASEE conference registrations are non-transferrable.

Paper procedures

**ASEE Executive Board mandate for publishing papers**
For all conferences, including ASEE-affiliated conferences, a paper that is published at one conference cannot be accepted for another ASEE conference. This does not include papers explicitly labeled as “reprints” as would be the case for best paper competitions, etc.

As decided by the Board of Directors, all divisions are now publish to present. For a paper to be presented at the Annual Conference or included in the Conference Proceedings, it must pass through the entire review process and be accepted:

**Abstract**
- **Author** submits abstract (see Appendix A on Page 10 for formatting guidelines)
- Program Chair assigns reviewers
- Reviewers read, rank, and comment on abstract
- Program Chair accepts or rejects abstract

**Draft**
- **Author** submits draft (see Appendix B on Page 11 for formatting guidelines)
- Program Chair assigns reviewers
- Reviewers read, rank, and comment on paper
- Program Chair accepts, accepts pending revisions, or rejects

**Final**
- **Author** submits final paper or revised paper (see Appendix C on page 12 for formatting guidelines)
- Program Chair accepts or rejects revised paper
- Author pays proceedings fee, transfers copyright, and registers
- Program Chair assigns paper to session

**Final requirements**

After a draft paper or revised paper has been accepted by the program chair, the following requirements must be met for it to be placed in a session, presented at the conference, placed in the final program and proceedings:

- The $100 proceedings fee must be paid by an author, school, or advisor
- One author must register for the conference and agree to present the paper.
- The authors must transfer the copyright for the paper to ASEE.

**All of these requirements must be completed by March 29th**, after which date they are final and cannot be refunded. If any of these requirements are not met, or if the proceedings fee or conference registration is subsequently refunded, the paper will not be assigned to a session, will not be presented at the conference, and will not appear in the final program and proceedings.
Paper procedures using Monolith

Logging in

From the ASEE home page (http://www.asee.org), click on “log in” in the upper right hand corner.

If you are an ASEE member, former member, or former conference participant, the first time you visit Monolith you need to activate your account. Otherwise, register for an account. If you are an ASEE member, do not try to register for a new account, please contact us for assistance if you are unable to activate your account. When you return on subsequent visits, log in with your email address and the password you chose when activating or registering.

After logging in, you arrive at your personalized ASEE home page. From here you can edit your personal information, renew your membership, or manage conference papers.
Paper procedures using Monolith

From the paper management screen for this year’s conference, you can see all of the papers you have submitted or have been assigned to review.

Submit paper abstract (August 1 – September 21)

To submit an abstract, choose the abstract itself as a PDF file and enter the required information about yourself and the abstract. You can select exactly how your name and institutional affiliation will be printed in the conference proceedings.
**Paper procedures** using Monolith

After you submit the abstract, it appears on your paper management screen with the status message *Can edit abstract*. You can continue to make changes to the abstract until the program chair assigns reviewers. Once reviews are in progress, the paper’s status changes to *Waiting*.

After the reviews are finished, the program chair decides to accept or reject your abstract.

**Submit draft (by January 7)**

If your abstract is accepted, its status changes to *Upload draft*. 

![Paper Management Screen](image)
Paper procedures using Monolith

The paper’s details page shows comments from reviews as forwarded by the program chair. When the draft version is completed, Choose file (as a PDF again) and Upload draft to submit it. Again, the paper’s draft changes to Waiting until the reviews are complete and the program chair has made his or her decision.

Submit draft revisions or final paper (by March 16)

If the paper is accepted or accepted pending revisions, its status changes to Upload final or Revise draft.

Again, you can view comments from the reviewers on the paper’s details page. When the final version or revised draft is finished, select the PDF file and Upload.
If the paper was accepted pending changes, its status changes to *Waiting* until it is accepted or rejected by the program chair.

Once the paper is finally accepted, you will be asked to complete the final requirements: registering for the conference, paying the proceedings fee, and assigning copyright to ASEE. Only then can the paper be finalized.
Every paper has one main or **corresponding** author, who conducts all of the main business previously discussed. If your paper has co-authors, you should invite them so that they can log in and decide how their names, institutions, and biographies will be printed in the paper, in the program and on the conference proceedings. Co-authors can also view the paper’s status and download an invoice to pay for its proceedings fee.

In the **Authors** section, **Add a co-author** by searching for a name or institution. If the co-author is an ASEE member or has previously participated in the conference, he or she will appear in the search results.

If you can't find a co-author by name, try their email address. If we don’t have an account for that address, you can **Invite** them by email. The co-author can then create an account and decide how their name, institution, and biography will appear.

Once you have added co-authors, you can place them in order. The ordering you set will be the order they appear in the program guide and on the paper’s cover page.
