

QUALITY OF END-OF-LIFE CARE (QEOLC-10): COMMON SOLUTION CLINICIAN VERSION

In this questionnaire, we are interested in the care your patient received from his or her clinician.

Please rate this clinician on each of the following questions using a scale from 0 (“Poor”) to 10 (“Absolutely Perfect”). The middle of the scale with the value of “5” indicates “Very Good.”

Circle ONE number for each question. If you are unable to rate this clinician on a question or if a question does not apply, circle the letters “NA” to indicate that this question does not apply.

Rate the clinician on each of the following: *(Please circle one number for each question.)*
