CONVICTION/CRIMINAL HISTORY INFORMATION

This form must be completed to be considered for Admission to and retention in the University of Washington, School of Pharmacy Doctor of Pharmacy Program

Washington State Law (RCW 43.43.830 through 842) requires that all individuals who have unsupervised access to children under 16 years of age, those with developmental disabilities, or vulnerable adults, must disclose background information concerning crimes and offenses against these populations. This information includes certain crimes against children or other persons, civil findings related to abuse of vulnerable populations, and crimes relating to financial exploitation. In addition, the law includes requirements for background checks concerning these offenses. Since a student’s ability to complete the University of Washington School of Pharmacy Doctor of Pharmacy degree requirements will require clinical rotations that could involve care to these individuals, students must complete a Conviction/Criminal History Self-Disclosure Form and submit their names for a background check by the Washington State Patrol and/or other credentialed background check agency upon offer of admission to the Doctor of Pharmacy Program and every two years thereafter. In addition to disclosing criminal history involving these crimes, Doctor of Pharmacy students must disclose criminal history involving drug-related crimes, proceedings related to vulnerable populations, Medicare-Medicaid/Healthcare-related crimes and any other general conviction information (excluding parking tickets and traffic citations). A conviction/criminal history record does not necessarily disqualify an individual for admission to or continuation in the Doctor of Pharmacy Program. The Doctor of Pharmacy Admissions Committee will review all information disclosed on an individual case-by-case basis.
