

Underserved Pathway Mentor Checklist Winter 2012

First Year Students

- GHIP (Global Health Immersion Program) application **due January 11th**
- RUOP (Rural Underserved Opportunities Program) application **due in January 27th**
- Ask about what they are learning in the Introduction to Clinical Medicine (ICM).
- Have they signed up for a preceptorship?
- What nonclinical selectives with an underserved focus are they planning?
- Have they explored service-learning opportunities?
- Have they completed any modules?

Second Year Students

- How do they feel after the first quarter of second year?
- What selective courses have they are or are they taking that have an underserved focus?
- Ask about what they have enjoyed most about seeing patients in ICM.
- What did they do for their Individual Investigative Inquiry?
- What community service have they done?
- What modules did they complete and what did they learn?

Third Year Students

- How are their clerkships going?
- How has your perspective about caring for underserved populations changed since starting clinical rotations?
- How is planning fourth year electives? What specialty are they considering?
- What clerkships or electives have they do or will they do that have an emphasis on underserved communities?

Fourth Year Students

- How are residency interviews going?
- What types of experiences caring for underserved populations do different residencies offer? How does this affect where a student will put them on their rank list?
- Check in with them after Match Day on March 16th.
