

June 2, 2011

Dear Megan, David, Margo, Jenny, RV Centennial
Captain and crew and divers,

Thank you for the clam dig, the
clam dig was so much fun and cool.
I really liked the part when we got
to dig and find clams, worms and
mud shrimp. That was also really
cool when we got to see a alive
and dead crabs! I also really loved
the boat trip. My favorite part was
when the divers brought up the
gumboot chiton and slimestar.
I also liked that we got to hold
them. Another part I really liked
was going to meet the captain.
Thank you for the best two
field trips ever!

Sincerely,

Soma
