Dear Megan, David, Margo
Jenny, RV Centennial
captain and crew and
divers,

Thank you for
bringing up the slemestaf,
it was realy cool I liked
the way it protects itself
with slim. Also I liked
the seacucumbers. They
were awwsome too! They
had a battle with the
sun star. I also liked
the leather star. It
actually felt kind of like
leather. I loved it when
we did the salt and
fresh water with food coloring.
I loved the clam dig
to! THANK YOU!!!
