A screenshot of a web-based calendar interface. At the top, there is a green banner with white text that reads: "Use the Options link to open the Email Subscriptions window. You can select to get all announcements or entries or pick categories that you would like to get updates for." Below the banner, there are several controls: "Display:" with two dropdown menus showing "Month" and "Block"; "Navigation Bar:" with four buttons: "Absolute", "Relative", "Both", and "Neither"; "This Calendar:" with two buttons: "Print" and "Options"; and "System Options:" with three buttons: "Home", "Select Calendar", and "Logout". At the bottom left, it says "Current User: flowlab". A red arrow points from the text above to the "Options" button.

Click the Email Subscriptions link to sign up, modify or stop receiving updates.

[Email Subscriptions](#) Sign up to receive email for future events

[Open Time Search](#) Search for open time slots in multiple calendars

[Search for Events](#) Find events by text or category

[Event Filter](#) Only display events that match text or are in certain categories

[Source Filter](#) Only display events from particular included calendars or Add-Ins

[Export Events](#) Export event data to ASCII

[iCalendar Subscription](#) Subscribe via desktop calendar, e.g. Apple's iCal

[Close](#)

A screenshot of a dialog box titled "Options for Calendar: caf_sched". The dialog box has a light gray header with the title in bold. Below the header, there is a list of options, each with a link and a description. The options are: "Printable View" (Display a printable view of the calendar), "Email Subscriptions" (Sign up to receive email for future events), "Open Time Search" (Search for open time slots in multiple calendars), "Search for Events" (Find events by text or category), "Event Filter" (Only display events that match text or are in certain categories), "Source Filter" (Only display events from particular included calendars or Add-Ins), "Export Events" (Export event data to ASCII), and "iCalendar Subscription" (Subscribe via desktop calendar, e.g. Apple's iCal). At the bottom of the dialog box, there is a "Close" link. A red arrow points from the text above to the "Email Subscriptions" link.

Enter the email address you would like to use for updates. *If you are currently logged in, your default email will be displayed.*
