GPSS Bylaws (revised April 13, 2016)

**ARTICLE I**

**TERMINOLOGY**

Section A  The Graduate and Professional Student Senate is referred to hereinafter as the GPSS.

Section B  GPSS representatives shall be known as Senators.

Section C  The term “registered” refers to all graduate or professional students who are enrolled for full-time or part-time studies or who have been granted official on-leave status.

Section D  All votes of the Senate referred to in these Bylaws are defined as the votes of the Senators present at the meeting, either in person or by proxy.

Section E  The Associated Students of the University of Washington is referred to hereinafter as the ASUW.

**ARTICLE II**

**SELECTION OF SCHOOL/COLLEGE, DEPARTMENT, OR PROGRAM GPSS SENATORS**

Section A  Representation Structure of the GPSS

Clause 1  Each school/college recognized by the administration of the University of Washington may be represented by two registered graduate or professional students.

Clause 2  If a school/college has multiple departments that are recognized by the University administration and grant a degree, students within that school/college shall forfeit their two “school Senators” and instead receive two Senate seats for each department within the school/college.

Clause 3  If a school/college has multiple programs that are recognized by the University administration and grant a degree, students within that department may forfeit their two “department Senators” and instead receive two Senate seats for each program within the department by submitting an application in accordance with Clause 6 of this Section. All programs housed within the department must have been granted “program Senator” seats. The granting of program Senator seats implies the complete forfeiture of department Senator seats.

Clause 4  Unless other specifications are made by the department or program, Senators from departments or programs will generally be expected to represent all constituents within the program, regardless of degree type. Separate degree-granting programs may submit an application in accordance with Clause 6 of this Section to receive two Senate seats for each type of degree program, such as a Master program and a doctoral program in the same field.

Clause 5  The GPSS Secretary shall review all submitted Senator names from graduate program administrators and verify that submissions are in compliance with Clauses 1-4 of this Section. If the Secretary finds that a department and some of its programs have submitted names for recognition, the Secretary shall speak with all the students whose names were submitted to coordinate the representation scheme most appropriate for the department and programs in accordance with these Bylaws.

Clause 6  Graduate and professional students who 1) desire to have Senate representation at the program level, 2) are graduate or professional students whose degree-granting program is not exclusively administered by a single school/college or department, or 3) are part of a new academic program seeking representation for the first time, must submit an application to the GPSS Secretary.

The application process will be as follows:

a. An application will be provided by the GPSS Secretary and must be approved by the Executive Committee before use. The application must request at a minimum the following information:

1. Evidence that the department programs wishing to be represented on the program level are official degree-granting programs recognized by the University of Washington administration;

2. Evidence that a unique application process exists for admittance to the department or program;

3. Evidence of a unique defined curriculum different from other departments or programs within its home school/college;
Evidence that if the application is approved students will not have double representation in any way within the Senate except that concurrent or dual degree students may have representatives from each of their degree-granting programs. Elected GPSS Officers do not count as representatives from any school/college, department, or program.

Information such as a survey of students or a petition indicating widespread desire and/or need for program level representation.

b. The GPSS Secretary alone will administer and handle representation request applications; approval by the full Senate is not necessary to grant new Senate seats under this Bylaw. No one factor or piece of evidence asked for, or provided, as part of the application shall be determinative.

c. Appeals of the Secretary's decision may be made in writing (email acceptable) to the GPSS Judicial Committee within seven days of receiving notice of the Secretary's decision; the appeals should be addressed to the Chair of the Judicial Committee. Upon receiving an appeal, the Judicial Committee shall evaluate the Secretary's decision giving primary weight to consistency of the Secretary's decisions in current and past years. In the case that a Judicial Committee has not been convened for the academic year, appeals may be made with the same stipulations to the GPSS Executive Committee.

Clause 7 Any representation changes granted under Clause 6 of this Section become effective in the fall quarter of the subsequent year.

Clause 8 Vacant Senator seats are not lost or eliminated from Senate recognition for future years and do not count for purposes of reaching a quorum for convening the Senate.

Section B Selection of School/College, Department, or Program GPSS Senators

Clause 1 The GPSS shall admit Senators who were chosen through a fair, consistent, and democratic process. Their names shall be submitted by a school/college, department, or program's graduate program advisor or equivalent.

Clause 2 Challenges to the Selection of Senators

a. Any challenge to the selection of a GPSS Senator must be received in writing by the GPSS Judicial Committee (email acceptable) within 30 days after the selection. If the Judicial Committee has not been established for the academic year, the challenge must be submitted within 30 days to the GPSS Executive Committee.

b. In the event of a challenge, the GPSS Judicial Committee shall decide on the validity of the selection by a simple majority vote. If the Judicial Committee has not been established for the academic year, the validity of the selection will be determined by a simple majority of the GPSS Executive Committee.

Clause 3 Schools/colleges, departments, or programs that have fewer than two Senators by the end of the first four weeks of fall quarter may nominate any interested student for the open position(s) according to the following procedures:

a. The graduate program advisor shall post a notice of nomination of the interested student(s).

b. If there are more students interested in becoming Senators than there are available seats, an election will be held.

Clause 4 The term of office for a Senator shall be from their election or appointment until the next regularly scheduled Senator election date. There is no limit to the number of terms that a duly-elected or appointed Senator may serve.

Section C Elections to recall and replace a Senator may be initiated by members of a School/College, Department, or Program as follows:

Clause 1 A petition asking for the recall of the Senator(s) and having signatures from 1/4 of the graduate or professional students in the school/college, department, or program shall be sent to the GPSS Executive Committee;

Clause 2 The GPSS Executive Committee shall appoint an election Officer to conduct a recall election among students of the representative constituency;

Clause 3 If a majority of the votes favor recall, then a new selection process shall be conducted by the graduate program advisor in accordance with the requirements of these Bylaws;

Clause 4 Challenges to a recall petition shall be directed, in writing (e-mail acceptable), to the GPSS Judicial Committee and GPSS Secretary within seven days of the recall petition submission to the GPSS Executive Committee;

Clause 5 Challenges to the replacement election process shall be directed, in writing (e-mail acceptable), to the GPSS Judicial Committee and GPSS Secretary within 14 days of the conclusion of the election;
Section D

Clause 2
The ASUW shall be entitled to two voting members in the GPSS.

Before votes are counted all ballots cast shall have names/signatures verified with the official GPSS Senate Roster. Any ballots with an illegible signature, cast by an ineligible voter, or cast without a name/signature will be deemed an invalidly cast ballot and will not be counted. After names/signatures have been verified, the name/signatures will be torn off of all validly cast ballots and saved in the event of an election challenge. Invalidly cast ballots will also be saved but names/signatures shall not be removed.

m. In the event that no candidate for a particular office receives the required majority vote in a race with three or more candidates Instant Run-Off Vote Counting procedures will be used as follows:

3. The process described in Subsections m(1) and m(2) above will be repeated until a candidate receives a majority of votes cast;

4. If at any point during the successive elimination of candidates and redistribution of votes the next preferred ranking on a ballot is a candidate who has been eliminated in previous round of voting counting or is a candidate who withdrew from the race, the ballot shall be cast for the next highest ranked candidate who is still in the election race;

5. In the event of a tie between two candidates after all but two candidates have been eliminated and votes counted in accordance with the process described in Subsections m(1) and m(2) above, re-voting shall occur between these two remaining candidates until the tie is broken by Senators present at the election meeting;
6. In the event that a voter does not rank all of the candidates for an office, the majority is calculated using the total number of remaining votes in the subsequent round of ballot counting.

n. After winners in all races have been determined and announced to the Senate all valid ballots, removed name/signature slips, and invalidated ballots will immediately be secured with a Husky Union Building administrator.
