INTRODUCTION
Hello! My name is Tammy and I am a Masters of Health Administration student. I have served on staff for GPSS as the Communications Director for the 2019-2020 school year. My goal as GPSS VP of Internal is to create purposeful programming, improve campus partnerships and facilitate a positive office culture. I believe that I have the experience and leadership skills to serve the graduate student population well. Thank you!

STATEMENT OF OBJECTIVES

1. CREATE PURPOSEFUL PROGRAMMING
As the university returns from a quarter of online classes, facilitating community and resources for graduate students will be as crucial as ever.
- Partner with various departments to put on at least two professional development events a quarter (e.g. LinkedIn, networking or student debt workshops).
- Promote department involvement in a GPSS-sponsored social each quarter (e.g. Nightmare at the Museum, Spring Social)
- Better market the fall Graduate Student Resource Fair and include more diverse resources. Advocate and plan for a university-wide graduate student orientation to be organized for Fall 2021.
- Replace the currently dissolved Graduate Student Experience Committee with the Graduate Student Event Committee that will support the Event Director in informing what programming is needed for graduate students.

2. IMPROVE CAMPUS PARTNERSHIPS
As the first Communications Director for GPSS, I laid out much of the groundwork for consistent communication with campus partners. It is critical to continue to grow our reach and partnerships within the university.
- Improve relationships with CO-MAP, Core Programs and the Graduate School.
- Continue representing the student voice on university task-forces (e.g. mental health taskforce, UPASS).

3. FACILITATE A POSITIVE OFFICE CULTURE
One of the main roles as VP of internal is human relations. I hope to create a welcoming office where every staff member feels well supported.
- Send weekly Monday morning newsletters to GPSS staff and officers to promote mutual purpose and unity.
- Have quarterly all-staff meetings that include all officers to hear feedback and facilitate community.
- Have all officers post office hours online and outside the office to improve accessibility.
- Report out two-minute spotlights on staff during each senate meetings and how senate can engage with staff members.

RELEVANT EXPERIENCE
- Communications Director, GPSS, 2019-2020
- Director of Student Health Consortium, ASUW, 2018-2019
- President & Founder, UW Community Health Outreach, 2017-2019
- Community Outreach Intern, American Cancer Society, 2019
- UW Leaders, ASUW, 2016-2017
- Unit Supervisor, Camp Arnold, Summer 2018
- Event Director, RBYP, 2012-2016
- Director of Publishing, RBYP, 2015-2018
