

My Transition Story

May 2005

My name is Misty.

I am 20 years old.

I have lived in Spokane since I was four years old.

Before that I lived in Portland, Oregon.

My disability is Down syndrome.

My abilities are sports, drama, kindness, spelling, and math.

My dreams for my future are to get married, get a paying job, and see miracles happen. I am a student in Community IMAGES to help me get ready for my future. It is on Spokane Community College campus. For job experience I work at the SCC Lair cafeteria. I have been meeting with DVR to help me find a paying job in a restaurant. I feel good about my future.
