

## 2018 INSIGHT Research Program Application Questions

1. Please tell us why you're interested in the INSIGHT Research Program.

2. What are your academic and/or career goals?

3. Please describe any prior experience conducting and participating in research.

*Be sure to include in your answer the duration and with whom you conducted research with. If you have no prior research experience, please explain so and what other supporting academic experiences you have had that would help prepare you for the INSIGHT Program.*

4. Please describe your experiences working or volunteering in healthcare settings. If you have no experience, explain why you are interested in healthcare.

*Be sure to include in your answer the duration and location of your work and/or volunteer experience.*
