

HIPRC IN THE PRESS

Paul Nevin in the Seattle Times on PRONTO

New HIPRC Staff Member Paul Nevin, BA (MPH Global Health student) wrote an article that was on the front page of the Seattle Times on birth-simulation training in Kenya by [PRONTO International](#), a Seattle-based organization that is partnered with the University of Washington. The training sessions use low-tech, but realistic teaching tools to recreate the chaos often found in Kenya's overburdened maternity wards.

Original article: <http://www.seattletimes.com/seattle-news/health/seattle-groups-training-program-saves-lives-of-moms-and-babies-in-kenya/>

Paul is currently working with Dr. Beth Ebel, MD, MSc, MPH (Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services) on a qualitative analysis of police enforcement practices around distracted driving.

HIPRC ANNOUNCEMENTS

HIPRC Faculty Meeting Guest Speaker: Sean Mooney, PhD

Presenter: Sean Mooney, PhD (Professor and Chief Research Information Officer for Biomedical Informatics and Medical Education)

Date/Time: Wednesday, May 6th, 1-2PM @ HIPRC Faculty Meeting

Location: HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#)

Dr. Mooney's research currently focuses on data mining large datasets including electronic health records, social media and genetic data. He is also focusing on applications of ontologies in translational bioinformatics.

HIPRC Stakeholder Meeting (Invite Only)

Date/Time: Friday, May 29th, 9:00-10:30AM

Location: HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#)

HIPRC Fellow and Research Staff Presenting to AP Statistics at Ingraham High School

Vivian Lyons, BS (Research Assistant for Anesthesiology), Alex Quistberg, PhD (T-32 Postdoctoral Fellow in Pediatrics), and Brianna Mills, MA (Predoctoral Research Associate) will be giving a guest lecture to the AP Statistics class at Ingraham High School in late May/early June, talking about applied statistics.

It would be a great help if readers would let us know - what do you wish you'd learned about statistics in high school? And what do you think current high-schoolers would be interested in learning about applied statistics? Please email your suggestions to Brianna Mills at brmills@uw.edu.

HIPRC at NIH/NINDS Federal Interagency TBI Research (FITBIR) Informatics System Stakeholder Meeting

HIPRC Associate Member Nancy Temkin, PhD, MS (Professor of Neurological Surgery and Biostatistics) and HIPRC Staff Member Malaika Schwartz, MPH (Research Consultant, Communications Officer) attended the [2015 Federal Interagency TBI Research \(FITBIR\) Informatics System Stakeholders Meeting](#) on April 21st in Bethesda, MD.

Malaika was one of five participants who gave a presentation to the 100+ stakeholder member audience. She spoke about Dr. Fred Rivara's Children's Health After Injury (CHAI) study and about the process of entering TBI data into [FITBIR](#).

If you are interested in the data currently in FITBIR, please check out the list of studies and types of information in repository [here](#).

JOURNAL CLUB SEMINAR SCHEDULE

Section: Injury Care

Speaker: Jeanne Sears, PhD, MS, RN (Research Associate Professor of Health Services)

Topic: *Severe, or not so severe, that is the question: Injury severity measurement in occupational injury surveillance and research*

Date/Time: Friday, May 8th, 1-2PM

Section: Traumatic Brain Injury (TBI)

Speaker: Sara Chrisman, MD, MPH (Acting Assistant Professor of Pediatrics)

Topic: A Prospective Biopsychosocial Study of the Persistent Post-Concussion Symptoms following Mild Traumatic Brain Injury

Date/Time: Friday, May 15th, 1-2 PM

All Journal Club Seminars will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#)

Calling all HIPRC Associate Members to please contact Tanya at hiprc@uw.edu to schedule leading a Journal Club.

HIPRC WEEKLY WORK IN PROGRESS (WIP)

Speaker: Monica S. Vavilala, MD (Professor of Anesthesiology and Pediatrics)
Topic: Community Priorities for Reducing Native American Pediatric Motor Vehicle Injuries
Date/Time: Wednesday, May 13th, 1-2PM

Speaker: Robert Lewis (Manager of Clinical Support Services at Harborview Medical Center, and Workplace Violence Prevention, Intervention and Education Office)
Topic: Workplace Safety - Code Silver and How to Survive a Shooter*
Date/Time: Wednesday, May 20th, 1-2PM
* Those who attend and sign-in will receive LMS certification of completion

Speaker: Shahram Aarabi, MD, MPH (Assistant Professor Surgery)
Topic: Advanced Directive in Trauma
Date/Time: Wednesday, May 27th, 1-2PM

There will be no WIP on Wednesday, May 6th due to an HIPRC Faculty Meeting

All WIPs will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

OTHER ANNOUNCEMENTS

Seminar: The Impact of a Program to Manage Utilization of Advanced Diagnostic Imaging

Speaker: Mark Hiatt, MD, MBA, MS (Executive Medical Director of Regence BlueCross BlueShield of Utah)

Date/Time: Tuesday, May 12th, 12-1 PM

Location: [Harborview Medical Center](#), Nelson Conference Room, 1CT-107.1 

Dr. Mark Hiatt serves as executive medical director of Regence BlueCross BlueShield of Utah. For the state, Dr. Hiatt provides clinical support of such functions as healthcare management, quality, public policy, sales & marketing, and accountable health & network management. For the four-state region served by Regence, he is additionally responsible for credentialing, data & analytics, and specialty benefits management (SBM).

To connect remotely:

- Go to GoToMeeting.com
- Select "Join Meeting"
- *Meeting ID:* 894-546-440
- *Password:* radiology1

Use a headset/mic, or call in from your phone (number shown on GTM screen)

For more info, contact Christy Laabs at (206) 744-3561 or laabsc@uw.edu.

Car Seat Check Up Event

Date/Time: Friday, May 8th, 11AM – 2PM

Location: [Renton Community Center](#), 1715 SE Maple, Valley Highway, Renton, WA 98057 

Certified technicians will check your seat for recalls, correct installation, and answer your safety questions! Bring your vehicle and car seat owner's manuals with you. This is a free service with no appointment needed.

For more information: Call Safe Kids Seattle South King at 206.744.4083 or email safekids@uw.edu.

HIPRC IN THE PRESS

Former HIPRC T-32 Injury Fellow, Janessa Graves, on Treadmill Safety and Injury

In light of the death of SurveyMonkey CEO, David Goldberg, while on a treadmill, there has been a lot of press regarding treadmill risks and injuries.

Janessa Graves, PhD, MPH (Assistant Professor of Nursing at Washington State University) published a paper on emergency department-reported injuries associated with mechanical home exercise equipment that was written during her time at HIPRC. Co-authors include HIPRC Core Members Monica Vavilala, MD (Professor of Anesthesiology and Pediatrics), Fred Rivara, MD, MPH (Professor of Pediatrics, Adjunct Professor of Epidemiology), and Beth Ebel, MD, MS, MPH (Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services).

Dr. Graves has been interviewed by many media outlets in the last week on treadmill risks and safety and she has been quoted nationally in articles from the [Washington Post](#), [WCVB TV](#), the [Boston Globe](#), [Business Standard](#), [Taking the Kids Blog](#), and even as far abroad as the [New Zealand Herald](#) (NZ) and [The Independent](#) (UK). Dr. Graves and Dr. Vavilala were also interviewed for a video segment on the [Today Show](#).

Original paper: <http://injuryprevention.bmj.com/content/20/4/281.full.pdf+html>

Dr. Graves continues to work with Dr. Vavilala on the PEGASUS project, and she will be sponsoring and mentoring two of the 2015 HIPRC Summer Students.

Beth Ebel & Laura Blanar's Study on Reducing Teen Distracted Driving

The [Association of School & Programs of Public Health \(ASPPH\)](#) published an article on research by HIPRC Core Member Beth Ebel, MD, MS, MPH (Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services) and HIPRC Staff Member Laura Blanar, MHS, PhDc (Research Assistant for Health Services) on reducing teen distracted driving by blocking cell phone use and filming teen drivers.

Co-authors include HIPRC Core Member Robert Kaufman, BS (Senior Research Scientist Engineer), HIPRC Staff Member Qian Qiu, MBA (Research Consultant), UW Faculty/Staff Jennifer Maeser (Research Coordinator for Radiology) and Annie Kirk, MPH (Affiliate Instructor of Health Services), and Senior Deputy Prosecuting Attorney at King County Prosecuting Attorney's Office, Amy Freedheim.

They conducted a pilot study of two interventions. One used an in-vehicle camera system that was triggered when teens braked or swerved too hard. A video recorder captured events that parents and teens could review. The second was a device that blocked incoming and outgoing calls and texts when the vehicle was being operated. Read the abstract [here](#).

Original article: <http://www.aspph.org/washington-research-finds-cameras-cell-phone-blocking-could-reduce-teen-distracted-driving/>

Beth Ebel's Q&A on Cell Phones & Distracted Driving in Seattle Children's Hospital Bulletin

HIPRC Core Member Beth Ebel, MD, MS, MPH (Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services) was interviewed by Seattle Children's Hospital on cell phone use and distracted driving. The Q&A was published in their May 2015 Bulletin. **Original article:** http://www.seattlechildrens.org/healthcare-professionals/resources/bulletin/#Cell_Phones_and_Distracted_Driving_Q&A_with_Dr._Beth_Ebel

HIPRC ANNOUNCEMENTS

2014 Summer Student Tom Wilson Wins First Prize at Midwest Anesthesia Residents Conference (MARC) for Work at HIPRC

2014 Summer Student Tom Wilson (Medical Student at the Wexner Medical Center at Ohio State University) presented a case report from his HIPRC internship on a patient with intraparenchymal hemorrhage and neurogenic stress cardiomyopathy at the [Midwest Anesthesia Residents Conference \(MARC\)](#) in Cleveland and won first prize in his category. Tom was mentored by Monica Vavilala, MD (Professor of Anesthesiology and Pediatrics) and Vijay Krishnamoorthy, MD (T-32 Postdoctoral Fellow in Anesthesiology).

Laura Blanar Received Pediatric Academic Societies (PAS) Meeting Best Student Abstract Award

In addition to the Association of School & Programs of Public Health (ASPPH) article, Laura Blanar, MHS, PhDc (Research Assistant for Health Services) has also won an award for Best Student Abstract at the [Pediatric Academic Societies \(PAS\) Meeting](#) in San Diego for her abstract titled, "Crash Risk Associated with Distracted Driving Citations Among Young Drivers." You can read the abstract [here](#).

HIPRC Stakeholder Meeting (Invite Only)

Date/Time: Friday, May 29th, 9:00-10:30AM

Location: HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

Project Manager Seeking PT Position

JOURNAL CLUB SEMINAR SCHEDULE

Section: Traumatic Brain Injury (TBI)
Speaker: Sara Chrisman, MD, MPH (Acting Assistant Professor of Pediatrics)
Topic: A Prospective Biopsychosocial Study of the Persistent Post-Concussion Symptoms following Mild Traumatic Brain Injury
Date/Time: Friday, May 15th, 1-2 PM

Section: Violence
Lead: Dr. Ali Rowhani-Rahbar, MD, PhD, MPH (Assistant Professor of Epidemiology)
Topic: TBD
Date/Time: Friday, May 22nd, 1-2 PM

Section: Global Injury
Lead: Dr. Charles Mock, MD, PhD, MPH, FACS (Professor of Surgery, Epidemiology, and Global Health)
Topic: TBD
Date/Time: Friday, May 29th, 1-2 PM

All Journal Club Seminars will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

Calling all HIPRC Associate Members to please contact Tanya at hiprc@uw.edu to schedule leading a Journal Club.

HIPRC WEEKLY WORK IN PROGRESS (WIP)

Speaker: Malaika Schwartz, MPH (Research Consultant, Communications Officer)
Topic: The Process of Submitting Data to the Federal Interagency Traumatic Brain Injury Research (FITBIR) Informatics System
Date/Time: Wednesday, May 13th, 1-2PM

Speaker: Robert Lewis (Manager of Clinical Support Services at Harborview Medical Center, and Workplace Violence Prevention, Intervention and Education Office)
Topic: Workplace Safety - Code Silver and How to Survive a Shooter*
Date/Time: Wednesday, May 20th, 1-2PM

* Those who attend and sign-in will receive LMS certification of completion

Speaker: Shahram Aarabi, MD, MPH (Assistant Professor Surgery)
Topic: Advanced Directive in Trauma
Date/Time: Wednesday, May 27th, 1-2PM

All WIPs will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

OTHER ANNOUNCEMENTS

Webinar: A Focus on Trauma - Integrating Trauma-Informed Approaches and Moving Toward Trauma Prevention

Date/Time: Monday, May 20th, 11:00AM-12:30PM

Registration: Register [here](#).

We must understand trauma and how it affects communities, in order to prevent violence effectively in communities impacted by trauma. Please join the Office of Juvenile Justice and Delinquency Prevention (OJJDP), in collaboration with Prevention Institute and Development Services Group, Inc. (DSG), for a webinar on boosting community resilience and organizational capacity to prevent/address trauma-related violence.

Speakers:

- Jane Hallday Goldman, PhD, MSW, Director of the Service Systems program at the National Center for Child Traumatic Stress, coordinates projects related to trauma-informed child and family systems.
- Howard Pinderhughes, PhD, Associate Professor in the School of Nursing at UC San Francisco, has led strategy development on violence and trauma prevention in locales across the country, and collaborates with Prevention Institute on community-level trauma work.
- Annie Lyles, MSW, Program Manager, Prevention Institute. Annie provides training and technical assistance on issues impacting rural and urban communities including mental health issues, trauma and multiple forms of violence.

Global WACH 3rd Annual "Next Big Thing" End-Of-Year Event

Date: Wednesday, May 27th

Time: 5:30-6:30PM - Scholar & Seed Grant Presentations
6:30-7:30PM - Light Reception & Student Posters

Location: UW Campus, [William H. Foege Building](#), Foege Auditorium (reception in Vista Café) 

The evening will be dedicated to highlighting the exciting work and achievements of our scholars, seed grant awardees, and certificate students. We will start off in Foege auditorium with stories from our Scholars and their various projects around the world, followed by an update from our 2014 Seed Grant Awardee, followed by a few words from our Department of Global Health Chair, Dr. Judy Wasserheit. We will then move upstairs to Vista Café to enjoy some refreshments while looking at the Global WACH certificate student posters. [Click here to read about a few of the students that will be presenting](#). Please join us! Friends and families are welcome.

Special Database Access for HIPRC Associate and Core Faculty: Marketscan

The UW CHASE Alliance has acquired an extra set of Marketscan databases from Truven through the end of their next license cycle (October 2016) due to negotiations over the past couple months. They now have the Health and Productivity Management Database from 2007-2013. This additional set of data links to the Marketscan claims data for about 3 million enrollees and provides measures of absenteeism & presenteeism (days and hours worked along with reasons for absence), short- and long-term disability use, and worker's comp claims.

If you are interested in accessing these data, please contact Harriet Saxe (harriet2@uw.edu).

JOURNAL CLUB SEMINAR SCHEDULE

Section: Violence
Lead: Ali Rowhani-Rahbar, MD, PhD, MPH (Assistant Professor of Epidemiology)
Topic: TBD
Date/Time: Friday, May 22nd, 1-2 PM

CHASE Works-In-Progress: Developing a Prognostic Tool for Musculoskeletal Pain Conditions

Date/Time: Monday, May 18th, 3:30-4:30PM

Location: [UW Health Science Building](#), H371 

The objective of this works-in-progress session is to solicit feedback to refine my potential specific aims and determine next steps for developing a grant application focused on prognostic tools for musculoskeletal pain conditions. Recent research programs in the UK have developed and validated brief prognostic tools, which tie into stratified care pathways, for low back pain in primary care. This approach has produced improved clinical outcomes and lower costs for managing low back pain in primary care in the UK. However, little work has systematically examined prognostic tools in other common musculoskeletal conditions or other population with back pain. We are in the early stages of formulating our study question and specific aims for a small grant application that can complement this previous work on prognostic tools/stratified care and support future research programs. We are currently working to: finalize the target study population, determine realistic aims for early phase research, and select an appropriate type of grant application and funding agency.

HIPRC IN THE PRESS

Dr. Brian Johnston on Pediatric Window Falls in the Seattle Times

The Seattle Times has written an article on pediatric window falls, quoting HIPRC Associate Member and Chief of Pediatrics at HMC, [Brian Johnston, MD, MPH \(Associate Professor of Pediatrics, Adjunct Associate Professor of Health Services\)](#). Statistics show pediatric window falls are a national problem, typically in the warmer spring and summer months. Nearly 5,200 children are treated in U.S. emergency rooms after falling out of windows each year, according to a [2011 study](#) in the journal *Pediatrics*. The Seattle Times article has been cited in similar articles in the [Times Union](#), [Voice of the Valley](#), and the [Kentucky Lexington Herald-Leader](#).

Original article: <http://www.seattletimes.com/seattle-news/health/window-falls-hurt-4-kids-in-may-alone-sparking-new-warning/>

HIPRC ANNOUNCEMENTS

Dr. Beth Ebel at the May 21st Press Conference on Children Falling Out of Windows

HIPRC Core Member [Beth Ebel, MD, MSc, MPH \(Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services\)](#) spoke at the May 21st Press Conference on Children Falling Out of Windows. Each year, especially during the warmer spring and summer months, children fall out of windows and require care in our hospitals. In 2014, Harborview Medical Center treated 14 children for injuries related to window falls. Two children have already been treated this month. Dr. Ebel, along with [Julie Alonso \(Director of Safe Kids Washington, Child Injury Prevention Specialist with WA DOH\)](#) and [Becca Cunningham \(mother of window fall survivor Thomas Cunningham\)](#), spoke about child injury rates and how families can help prevent

window falls. Representatives from fire departments and other early responders, Central Region EMS Trauma Council, Seattle Children's Hospital and Safe Kids Seattle were also in attendance.

U.S. Consumer Product Safety Commission's *Pledge to Pool Safely*

The Pool Safely Pledge campaign has started for the 2015 summer swim season, the day before the Memorial Day weekend and ahead of the start of the summer swim season. This year they held a press conference with U.S. Consumer Product Safety Commission (CPSC) Chairman Elliot Kaye, our longtime Congressional champion Rep. Debbie Wasserman Schultz, and Laura Metro, the founder of their newest Campaign Safety Partner organization, [CPR Party](#) (formerly the [CLAY Foundation](#)).

Please see below for [today's press release](#) that includes what they discussed at the kickoff event. They announced the latest child drowning data and stressed the importance of their water safety call to action: the [Pool Safely Pledge](#). They have generated more than 11,000 Pledge signers to date. Please help the campaign double that number this summer – and raise more awareness for drowning prevention – by continuing to encourage your communities and stakeholders to **Pledge to Pool Safely again this year.**

In addition, CPSC announced that it has begun a **90-day solicitation for grant applications for a special Pool Safely Grant Program (PSGP) for both state and local governments.** CPSC expects to award \$1 million in 1-year grants in Fiscal Year 2016 (which begins October 1, 2015) to reduce deaths and injuries from drowning and drain entrapments in pools and spas.

The grant program is part of CPSC's national effort to make drowning and drain entrapment prevention a critical public safety priority. **Find out more about the grant and see if you are eligible to apply here:** <http://www.poolsafely.gov/news/cpsc-encourages-state-and-local-governments-to-apply-for-pool-safely-grants-to-combat-drownings-and-drain-entrapments-2/>

Rise in Suicide by Black Children Surprises Researchers

The suicide rate among black children has nearly doubled since the early 1990s, while the rate for white children has declined, a new study has found, an unusual pattern that seemed to suggest something troubling was happening among some of the nation's most vulnerable citizens.

Global WACH 3rd Annual "Next Big Thing" End-Of-Year Event

Date: Wednesday, May 27th
Time: 5:30-6:30PM - Scholar & Seed Grant Presentations
6:30-7:30PM - Light Reception & Student Posters

Location: UW Campus, [William H. Foege Building](#), Foege Auditorium (reception in Vista Café) 

The evening will be dedicated to highlighting the exciting work and achievements of our scholars, seed grant awardees, and certificate students. We will start off in Foege auditorium with stories from our Scholars and their various projects around the world, followed by an update from our 2014 Seed Grant Awardee, followed by a few words from our Department of Global Health Chair, Dr. Judy Wasserheit. We will then move upstairs to Vista Café to enjoy some refreshments while looking at the Global WACH certificate student posters. [Click here to read about a few of the students that will be presenting.](#) Please join us! Friends and families are welcome.
