

UPCOMING EVENTS

Journal Club & Section Meeting

Our next Journal Club on **Friday, October 3rd** at **9:30 AM** will be led by the **Traumatic Brain Injury** Section Leader **Dr. Monica Vavilala, MD (Professor of Anesthesiology and Pediatrics)**. The topic is **Fruit fly model of traumatic brain injury**.

Please read the **attached** article:

Chesnut RM, Temkin N, Carney N, et al. A Trial of Intracranial-Pressure Monitoring in Traumatic Brain Injury. *New England Journal of Medicine*. 2012;367(26): 2471-2481.

Meeting Times:

9:30 AM Journal Club
10:30 AM Section Meeting

All Journal Clubs and Section Meetings will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

Upcoming Journal Club & Section Meetings

Section: **Violence**

Lead: **Dr. Ali Rowhani-Rahbar, MD, MPH, PhD (Assistant Professor of Epidemiology)**

Topic: **Adverse childhood experiences and early adolescence health**

Date: **Friday, October 10th**

Section: **Global Injury**

Lead: **Dr. Charles Mock, MD, PhD, MPH, FACS (Professor of Surgery, Epidemiology, and Global Health)**

Topic: **TBD**

Date: **Friday, October 17th**

Section: **Safe & Active Transport**

Lead: **Dr. Beth Ebel, MD, MSc, MPH (Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services)**

Topic: **TBD**

Date: **Friday, October 24th**

Seattle Children's Guest Lecturer at HIPRC

Presenter: **Inga Manskopf, BS (Seattle Children's Hospital's Prevention WINS coalition manager)**

Topic: **The changing landscape of youth marijuana use in Seattle**

Date/Time: **Friday, October 3rd, 11:30 AM – 12:30 PM**

Manskopf will discuss youth marijuana use/abuse in Seattle and its changing landscape over the last eight years, as well as Seattle community-based youth substance abuse prevention activities.

Universidad Peruana Cayetano Heredia (UPCH) Guest Lecturer at HIPRC

Presenter: **Jaime Miranda, MD, MSc, PhD (Associate Professor of Medicine at UPCH)**

Date/Time: **Tuesday, October 7th, 1PM**

Location: **HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#)** 

Dr. Jaime Miranda, MD, MSc, PhD, FFPH is Research Professor in the School of Medicine at the Universidad Peruana Cayetano Heredia (UPCH) in Lima, Peru where he trained as a physician. He is the director of the CRONICAS Center of Excellence in Chronic Diseases, a part of the National Heart, Lung, and Blood Institute (NHLBI)'s effort to understand chronic diseases in low and middle-income countries. He is a Fellow of the Faculty of Public Health (FFPH) of the Royal College of Physicians and received his PhD & MSc in Epidemiology from the London School of Hygiene and Tropical Medicine.

We are going to order Vietnamese sandwiches, so if you are interested in attending, please **RSVP** to hiprc@uw.edu and include the type of sandwich you would like (pork, chicken, or vegetarian) and drink.

Taipei Medical University Injury Prevention Center Guest Lecturer at HIPRC

Presenter: **Mau-Roung Lin, PhD (Professor and Chair of the Graduate Institute of Injury Prevention & Control, Taipei Medical University)**

Date/Time: **Monday, October 20th, 10 AM**

Location: **HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#)** 

Dr. Lin is visiting us from the Taipei Medical University Injury Prevention Center, where he serves as professor and chairman. He will be presenting his recent research, "Risk Factors for Traumatic Brain Injuries during Falling in Older Persons" and will discuss the work of the Institute of Injury Prevention and Control at Taipei Medical University.

SUBMISSIONS FOR NEWS BULLETIN

Please submit your news items or press release announcements via email to hiprc@uw.edu with "BULLETIN" in subject line.

Submission deadline for the outgoing bulletin is **Wednesday @ 1PM**.

Click on the link next to this image throughout the bulletin for Google maps directions to events.

NOTE: Our website is currently being updated. If you experience any difficulties while exploring our site, please contact Malaika at malaika@uw.edu.

HIPRC WEEKLY WORK IN PROGRESS (WIP)

Presenter: Rebecca Milliman, MSW (Prevention and Education Coordinator at the Harborview Center for Sexual Assault and Traumatic Stress)
Title: Violence Prevention
Date/Time: Wednesday, October 8th, 1-2 PM

Presenter: Elizabeth Esselman, BA (Program Operations Specialist for Rewards and Recognition and Safe Kids Seattle Programs)
Title: Safe Routes to School
Date/Time: Wednesday, October 15th, 1-2 PM

No WIP this week on Wednesday, October 1st due to the Investigator Meeting

All WIP Seminars will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

GENERAL ANNOUNCEMENTS

HIPRC Staff Meetings

HIPRC Staff Meetings to be held quarterly. The next meeting will be **Wednesday, October 1st** from 11:30 AM - 12:00 PM in the HIPRC conference room. Agenda forthcoming. [Upcoming meetings](#) will be on Wednesday, January 7th, 2015 at 11:30 AM, and Wednesday, April 1st, 2015 at 11:30 AM.

Methods Core Assistance Available to HIPRC Members

Methods Core staff member and doctoral Epidemiology student, Brianna Mills, is now available for both study design and data questions. Brianna's office hours at HIPRC will be Monday & Wednesday afternoons, and Tuesday & Thursday mornings. Feel free to drop in with a quick question or contact Brianna at brmills@uw.edu to schedule an appointment in advance. If you are planning to start a new project, please fill out the Project Inquiry Form (available for [download](#) from the HIPRC website) and send to Brianna prior to meeting.

HIPRC 2014 Summer Student Shan Modi to Attend 2015 Critical Care Congress

Congratulations to HIPRC 2014 Summer Student Shan Modi on the acceptance of his abstract to the 2015 Critical Care Congress in Phoenix, Arizona. His paper is titled "Cardiac Dysfunction in Adult Heart Donors & Temporal Changes of LV Systolic Function Over Time". HIPRC mentors include [Dr. Vijay Krishnamoorthy, MD \(T-32 Postdoctoral Fellow, Anesthesiology\)](#) and [Dr. Monica Vavilala, MD \(Professor of Pediatrics and Anesthesiology\)](#).

Fogarty Injury Scholar at HIPRC

Eunice Agyemang is a Ghanaian Fogarty Injury Scholar who will be in Seattle for training activities, including non-matriculated courses at the University of Washington starting September 20th. She will be taking courses in Injury & Violence, Current Issues in Occupational & Environmental Medicine, Problems in Global Health, and Implementing Research in Advanced Nursing Practice. Eunice is being mentored by [Dr. Charles Mock, MD, PhD, MPH, FACS \(Professor of Surgery, Epidemiology, and Global Health\)](#) and [Dr. Beth Ebel, MD, MSc, MPH \(Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services\)](#).

HIPRC Core Member Dr. Ali Rowhani-Rahbar Interviewed by UW SPH

Dr. Rowhani-Rahbar MD, MPH, PhD (Assistant Professor of Epidemiology) was interviewed by the University of Washington School of Public Health publication, [Close Up: A Look at the People of SPH](#), where he talks about his medical training in Iran, what brought him to the University of Washington, and his research on vaccines, gun violence, the effects of marijuana on driving, and concussions.

FUNDING OPPORTUNITIES

Upcoming R40 Competitions

The Maternal and Child Health (MCH) Research Program will soon be competing two R40 competitions:

- R40 MCH Research (MCHR) Program supports applied research relating to maternal and child health services, using research designs that allow for strong causal inference such as Randomized Controlled Trials (RCTs), and that have the potential to improve health services and delivery of care for maternal and child health populations.
- R40 MCH Secondary Data Analysis Studies (SDAS) Program supports applied empirical research relating to maternal and child health services, that utilizes exclusively the secondary analysis of existing national databases and/or administrative records. These projects should have the potential to improve health services and delivery of care for maternal and child health populations.

To receive an email announcement as soon as the FOA is posted on grants.gov, please sign up for the MCH Research listserve, link available on the MCH Research Program website: www.mchb.hrsa.gov/research.

PHOTOS FROM
METHODS CORE
JOURNAL CLUB

Thank you to all who attended the Methods Core Journal Club and Section Meeting, led by [Dr. Ali Rowhani-Rahbar, MD, MPH, PhD](#) (Assistant Professor of Epidemiology) last Friday.

There was a great discussion and collaboration of ideas on epidemiologic methods.

HIPRC featured in the UW Medicine Harborview Medical Center 2014 Trauma Report

"UW Medicine researchers at Harborview Injury Prevention and Research Center (HIPRC) examine the causes of injury and methods of prevention. Collaborating with their peers nationwide, HIPRC investigators translate their findings into best clinical practices."

- *Johnese Spisso (Chief Health System Officer, UW Medicine; Vice President, Medical Affairs, University of Washington) and Dr. Eileen Bulger, MD (Chief of Trauma, Harborview Medical Center; UW Professor of Surgery)*

The UW Medicine Harborview Medical Center 2014 Trauma Report includes snapshots of the following HIPRC members and their studies:

- HIPRC Director [Dr. Monica Vavilala, MD](#) and her study to determine how best to increase adherence and reduce barriers to adoption of the "Pediatric Guidelines for Acute Medical Management of Severe Traumatic Brain Injury (TBI) in Infants, Children, and Adolescents."
- HIPRC Core Member [Dr. Doug Zatzick, MD](#) and his study published in the *Annals of Surgery*, that found that post-traumatic stress disorder and depression were very common among patients assessed one year after suffering a serious injury.
- HIPRC Associate Member [Dr. Melissa Schiff, MD, MPH](#) and her study to determine incidence rates of injury among soccer players as well as risk factors that predispose some girls to soccer injuries.
- HIPRC Core Members [Dr. Eileen Bulger, MD, FACS](#) and [Rob Kaufman, BS](#) and their study to conduct motor vehicle injury surveillance for occupant injuries among restrained car passengers in selected crashes to provide data that could improve the design and engineering of passenger vehicles.
- HIPRC Core Member [Dr. Fred Rivara, MD, MPH](#) and his study on gun safety in conjunction with the City of Seattle and King County.
- HIPRC Core Member [Dr. Beth Ebel, MD, MSc, MPH](#) and her study that found that nearly half of Washington state's distracted drivers were texting on mobile devices.

Full 2014 Trauma Report: <http://www.uwmedicine.org/harborview/Documents/TraumaReport-2014.pdf>

GENERAL ANNOUNCEMENTS

Eileen Bulger, MD, FACS in the Seattle Times

HIPRC Core Member [Eileen Bulger, MD, FACS \(Professor of Surgery\)](#) was on the cover of the Seattle Times Pacific Northwest Magazine on Sunday, September 28th. The article, titled, "[Inside Harborview: An elite emergency team fights to mend broken bodies and minds](#)," is about the experience of working on the front lines of health care at Harborview Medical Center's Emergency Department and the mixture of pride and the emotional toll that comes with working in emergency medicine.

Medical Student Research Training Program (MSRTP) Project Request

It's time again to collect possible projects for students in the Medical Student Research Training Program (MSRTP) for next summer. This information is going out in case you know of faculty in your department who might be interested in mentoring students on their research.

As a reminder, this program provides funding for students to participate in a full-time, 10 week long summer research project between their first and second years. This fulfills their required Independent Investigative Inquiry (Triple I) and provides each student a \$4,500 stipend. Approximately 35 students are selected each year to receive funding. Participants present their work at the annual poster session in November of their second year, and have the option of submitting their papers for publication. This year's poster session is Monday, November 18th, 5-7 PM, at the HUB, and we would love to see you there!

Projects fall into three categories: laboratory-based research, clinical and health services, or international health. Here is a [link to the web page](#) with information for faculty mentors including the [faculty guidelines](#).

Faculty should submit their abstract information, using the [MSRTP Mentor Project Abstract Catalyst form](#), before Friday, October 31st. The information will be collated and released to students after Friday, November 14th.

Concussion Assessment, Research and Education (CARE) Consortium Clinical Research Core (CRC) & Advanced Research Core (ARC)

This research is part of the landmark \$30 million [NCAA-U.S. Department of Defense Grand Alliance](#), which is funding the most comprehensive study of concussion and head impact exposure ever conducted. The alliance also supports an educational grand challenge aimed at changing important concussion safety behaviors and the culture of concussion reporting and management. The study will enroll an estimated 25,000 male and female NCAA student-athletes over the three-year study period. Participants will receive a comprehensive preseason evaluation for concussion and will be monitored in the event of an injury.

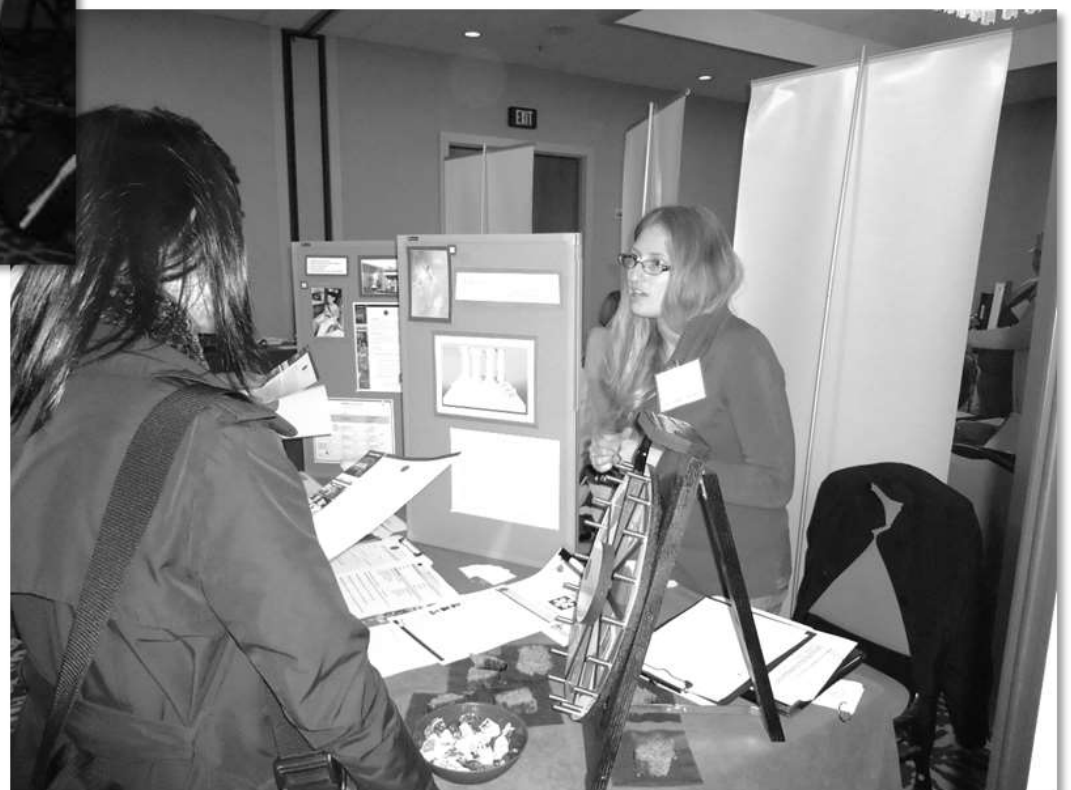

Thank you to all who attended the Injury Care Journal Club and Section Meeting, led by [Dr. Sam Arbabi, MD, MPH \(Professor of Surgery\)](#) last Friday. There was a great discussion and collaboration of ideas on injury care.

A big thank you to [Sarah Brolliar, MPH Health Services student](#), for attending the WAMI Trauma Conference on September 29-30.

The conference provided an opportunity to inform attendees, such as emergency responders and trauma physicians & nurses from the WAMI (Washington, Alaska, Montanan, Idaho) area, about HIPRC projects and resources.

Title: HMC Trauma Registry Overview

Date/Time: Wednesday, October 22nd, 1-2PM ([Add to Outlook Calendar](#))

All WIP Seminars will be held in the HIPRC Conference Room (#4075), [HMC Patricia Steel Building](#) 

GENERAL ANNOUNCEMENTS

Request for Faculty Mentors for Summer Students 2015

Summer 2014, we had 13 students at varying levels at the center. We are currently accepting applications for Summer 2015, and have already received several applications. If you would like to serve as a mentor for a summer student, please let Harriet know so that we can provide students with options.

If interested, please send the following information to harriet2@uw.edu no later than November 1, 2014:

PI:
Project Title:
Project Work:
Summer Dates (if specific):
Paid or Unpaid:
Student Level (high school, undergraduate, graduate):
Specific Skills (if required):
Are you willing to have them observe with you in the clinical/hospital setting? (if applicable):

Roll Call Video on Distracted Driving Enforcement Published

This video was created in part by [Dr. Beth Ebel, MD, MSc, MPH](#) (Associate Professor of Pediatrics, Adjunct Associate Professor of Epidemiology and Health Services) in order to encourage law enforcement of distraction. We will have a shorter version more geared for the public and lawmakers. Thanks to James Waugh, Jenn Maeser, Rob Kaufman, Annie Phare, Amy Freedheim, Angie Ward, and all the folks who helped to make this video possible.

GENERAL ANNOUNCEMENTS CONTINUED

HIPRC Outreach

As part of HIPRC outreach, Sarah Brolliar (MPH Health Services student) created slides for the Harborview Medical Center Electronic Message Boards (at 9th Ave Lobby and the cafeteria) that are posted this month.

CDC Expands Data Collection on Violent Deaths

Several states in our region are now part of the National Violent Death Reporting System (NVDRS). The \$7.5 million in funding will expand NVDRS from 18 to 32 participating states, enabling greater collection of critical data on violent deaths.

Health departments in the following 32 states will collect state-level data on violent deaths over the next five years: **Alaska**, Arizona, Colorado, Connecticut, Georgia, Hawaii, Iowa, Illinois, Indiana, Kansas, Kentucky, Massachusetts, Maryland, Maine, Michigan, Minnesota, North Carolina, New Hampshire, New Jersey, New Mexico, New York, Ohio, Oklahoma, **Oregon**, Pennsylvania, Rhode Island, South Carolina, Utah, Virginia, Vermont, **Washington**, and Wisconsin.

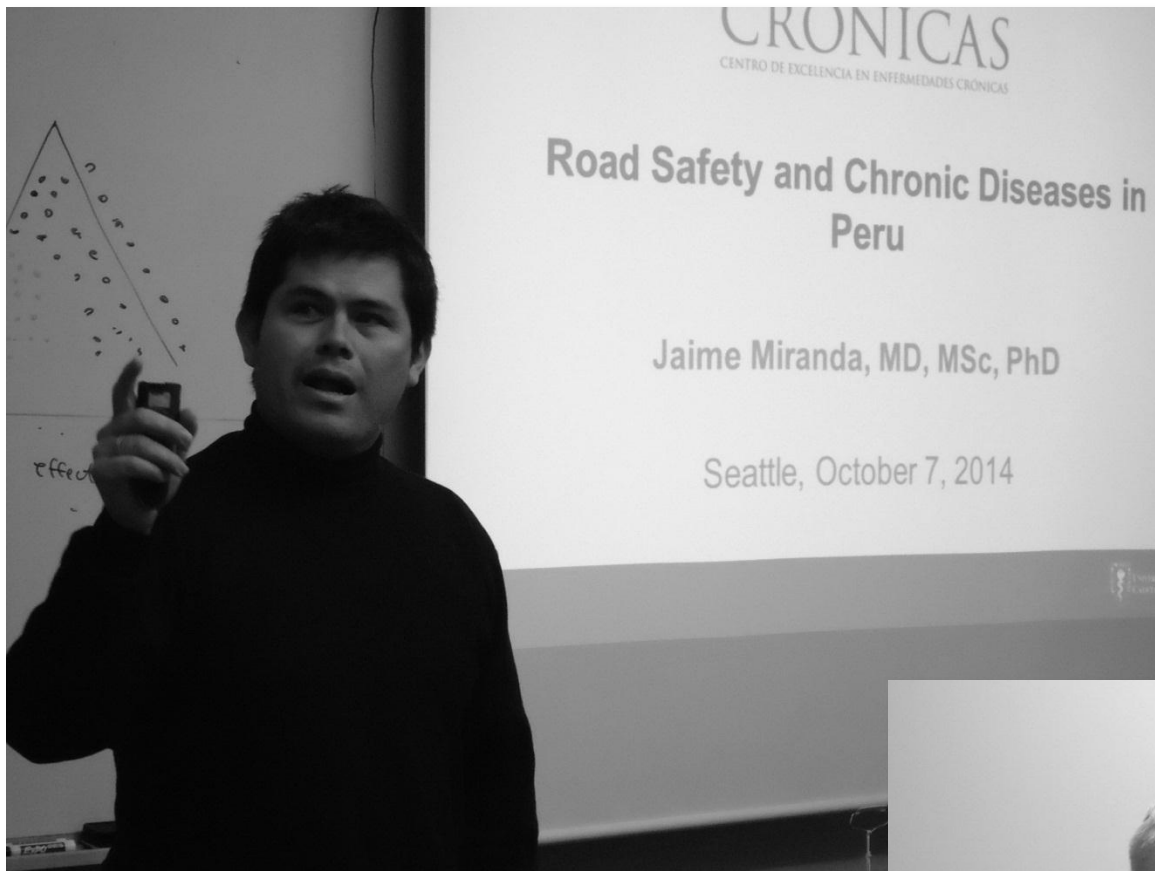

Connecting the Dots: An Overview of the Links Among Multiple Forms of Violence

A new resource co-developed by CDC's Division of Violence Prevention and [Prevention Institute](http://www.preventinstitute.org). This brief shares research on connections between different forms of violence and describes how these connections affect communities. The purpose is to support those working to prevent violence in thinking strategically and creatively about:

- Preventing all types of violence from occurring in the first place
- Coordinating and integrating responses to violence in a way that recognizes these connections and considers the individual in the context of their home environment, neighborhood, and larger community

Download *Connecting the Dots* brief [here](#)

Download *Connecting the Dots* presentation slides [here](#)

Thank you to all who attended the talk on road safety and chronic diseases in Peru by guest speaker, [Dr. Jaime Miranda, MD, MSc, PhD \(Universidad Peruana Cayetano Heredia\)](#), who collaborated with HIPRC T-32 Fellow Alex Quistberg on his pedestrian safety project in Peru.

This fulfills their required Independent Investigative Inquiry (Triple I) and provides each student a \$4,500 stipend. Approximately 35 students are selected each year to receive funding. Participants present their work at the annual poster session in November of their second year, and have the option of submitting their papers for publication. This year's poster session is Monday, November 18th, 5-7 PM, at the HUB, and we would love to see you there!

Projects fall into three categories: laboratory-based research, clinical and health services, or international health. Here is a [link to the web page](#) with in-formation for faculty mentors including the [faculty guidelines](#). Faculty should submit their abstract information, using the [MSRTP Mentor Project Abstract Catalyst form](#), before **Friday, October 31st**. The information will be collated and released to students after Friday, November 14th.

HIPRC Core Members present at Firearm Violence Prevention Leadership Summit

Dr. Fred Rivara and Dr. Ali Rowhani-Rahbar will be presenting at the Firearm Violence Prevention Leadership Summit at City Hall on Wednesday, October 29th. The Summit is co-hosted by King County Executive, Dow Constantine, and Seattle Mayor, Edward Murray, and the purpose is to convene local leaders and their staff to identify gun violence issues, evidenced-based best practices currently underway, increase coordination of prevention efforts and identify next steps for local strategies to reduce and prevent gun violence.
