

Crags' Belay Pass Policy

- All tope-rope belayers, lead climbers/belayers, are required to pass the skills exam before utilizing the roped areas in the Crags. The exam is offered during all open climbing times. Please check current hours of operation for open climbing schedule.
- A belay pass is good for **one (1) year** from the date the skills check is taken. To inquire about a pass expiration date please consult the pass expiration list located in the main lobby of the Crags, or the front desk attendant can look up a pass's expiration with a current Husky Card.
- Renew a belay pass before the expiration date without penalty. If the pass expires a fee of \$5.00 is charged and a skills exam must be re-taken.
- For belay passes that expire during holiday closures, the exam may be retaken without penalty within the first two (2) weeks of next quarter.
- Once a lead pass is obtained, it is the only pass that needs to be kept current. It is assumed that leaders can proficiently top-rope belay.
- We reserve the right to pull a belay pass permanently for any reason.
