April	13	Ruohola-Baker / Parks
	20	Horner / Reh
	27	Kelly / Laird
May	11	Murry / LeBoeuf
	18	Birmingham-McDonogh / Tian
	25	Bothwell / Kiem

Meets every Tuesday not in conflict with another ISCRM event. Each meeting will have two presenters, will be held in the Brotman Auditorium at the South Lake Union campus, and will be informal. This will be especially useful for research in progress where the group experience can be tapped to help with a hurdle, direction or technical issues and to present a platform for exciting new data or to explore a new idea.
