SERVICE MEN ORGANIZE AT OWN MEETING

Were Prevented From Attending Hippodrome Gathering

ELECT MILLER FOR PRESIDENT

Local Demands Withdrawal of U. S. Troops From Russia

Having been forcibly prevented by the military authorities from attending the mass meeting in the Hippodrome on Sunday, January 19, discharged soldiers and sailors held a special meeting in the Trades hall Saturday night and organized their local of the Soldiers, Sailors and Workers' Council.

Richard Miller, a former soldier, who was elected president of the local, made an impressive speech on the solidarity between the soldiers and sailors and their brothers in industry. He vigorously denounced the repressive measures that had been used in the past to keep the soldiers in ignorance regarding their economic interests and said that while in camp in three different cantonments he was never permitted to receive newspaper news.

Resolutions were enthusiastically carried giving the government to be declared a service men's union, each favoring the immediate recall of all political officers, demanding withdrawal of American troops from Russia.

Declaring that they felt that they had served in the war to make democracy safe for democracy and that the people of Russia were struggling to establish democratic forms of government according to their own understanding, the members and sailors demanded that the Russian government should be permitted to solve their own internal problems.

The meeting decided to elect a relief committee to investigate and provide immediate assistance for returned soldiers and sailors who are "up against it."

Temporary officers were elected as follows: President, Arthur Miller; Vice President, J. Thomson; Secretary, W. A. Burton; Treasurer, A. W. Johnson; Recording Secretary, Allen; Secretary, who requested that the members of the council be organized to him be sent care of Bert Swain, Collins building.

The local decided to elect delegates from equal numbers from each of the wards to meet in the joint council at the next meeting which will be held on Monday evening, January 27, in the Collins building.

W. J. Johnson, 1411 East Duwamish, will represent the 1st ward; J. Sullivan, 1117 Third avenue, will represent the 2nd ward; W. J. Johnson, 1117 Third avenue, will represent the 3rd ward; J. Sullivan, 1117 Third avenue, will represent the 4th ward; W. J. Johnson, 1117 Third avenue, will represent the 5th ward.

SEATTLE MAN NAME CHANGE IN OLYMPIA ON OPPOSED CAR FARE BILL

Opposition to the name change and co-ordination of street names of Seattle is chiefly from the Seattle Civic Association, a committee which, claiming to have a careful investigation of the proposed change, would cost altogether approximately \$100,000.

First avenue was changed to become a continuation of the street, while other local streets in many other cases were to be changed.

Postoffice Inspector P. J. W. in a statement at the city hall, said that the proposed change of street names, submitted to the city council, was a new plan for the names and addresses of the city.

At noon on Monday the proposed change of street names was still pending in the city council.

Nicholas in Paris to Stand Pat on Self-Determination

SERBIA ACCUSED OF TRYING ANNEXATION

Montenegrins Want Jugoslav Union Merged on U. S.

By WILLIAM PHILIP SIMMS
United Press Staff Correspondent

PARIS, Jan. 27.—King Nicholas, ruler of the Serbs, believes his title over the new state of Yugoslavia is being formed by the union of the two nations. He expressed confidence that the peace congress will enforce the application of the principle of self-determination.

In an interview with the United Press, Nicholas, who has been in Paris attempting to secure the recognition of his title over the new state of Yugoslavia, which is being formed by the union of the two nations. He expressed confidence that the peace congress will enforce the application of the principle of self-determination.

Invaded Montenegro
The Serbians occupied Montenegro immediately following the outbreak of the war. The Montenegrins had driven the Serbs out of the country. The government then hastily attempted to annex the province. The Serbians rejected the offer and the Montenegrins crown which I have referred to above is the reign of nearly 60 years. He died in 1914 before the peace congress.

Another by item in accord with my people. The Serbs insist that any move by the Jugoslav people to dispose of their territory should be made by the Jugoslav people. The Serbians are not willing to accept the principle of self-determination.

KEEPING FIT

(Continued)

All the materials of which clothing is made do not prevent the heat passing away from the body as readily as they should. Some, like linen, allow heat to pass through them, but others, like cotton, wool, and silk, do not. The first heat to be lost is that of the head, and this is lost through the scalp and the face. The next is that of the chest and back, and this is lost through the skin. The last is that of the feet, and this is lost through the soles of the feet. WAR WAS LUCKY THING FOR JAPAN

TOKYO, Dec. 16.—(By Mail.)—A dispatch from the postoffice here today, according to Baron Kenpei Kondo, who sailed today as Japan's shipping delegate at the peace conference in London, says that the president of the Nippon Yusen Kaisha, Japan's largest shipping firm, had announced that his company had launched a gigantic shipbuilding program as soon as it was possible to do so.

OBSERVATIONS

By BARTHOLOMEW JOSEPH

The prematurely grey-haired high in command, was closest to me, and in that regard, I was not surprised. Nearly a week has elapsed since we have had our names entered on the first page of the daily newspaper, and it is time when we could build these ships all by ourselves. I had just written the above when I was called to the police station. The wagon was waiting for me, and I waited for it to return with me. LET CORPORATION STATEMENTS DENIED

That in the threatened cancellation of contracts with local yards the emergency fleet corporation has thrown the gauntlet to the labor movement, the officers of the Trades Council Sunday night issued a statement in which they accept the statement of the Macy board of directors. Macy board had jurisdiction only when a dispute arose. This not only prevented the employees in certain localities of the shipbuilding line from reaching an agreement with their employers, but was a hindrance to the shipbuilding industry in the city where the yards were higher than Macy board's award, but no award was made; it was impossible to reach an agreement on the other side of the country, where the yards were much lower than the Macy scale.

"When Mr. Pies appeared before the senate committee press dispatches carried him as saying that, since the inception of the war the contract price for steel ships in the Pacific coast has been and can compare with other sections of the country if allowed a free competition to negotiate between employer and employee. The statement made by the Macy board and the representatives of the emergency fleet corporation would lead us to believe that they are throwing down the gauntlet to us a fight to the finish and it that is their intention we will pick it up and announce that we will take the fight to the entire shipbuilding industry of the United States."

"The representative from the metal trades section of this city who sat upon the appeal board last December in Philadelphia, after he was approved that it was impossible to reach an agreement on the other side of the country, where the yards were much lower than the Macy scale. The representative from the metal trades section of this city who sat upon the appeal board last December in Philadelphia, after he was approved that it was impossible to reach an agreement on the other side of the country, where the yards were much lower than the Macy scale.

Died For Right to Vote

Our fathers died to establish a government in which every man would have a voice. At Lexington, at Bunker Hill, at Brandywine, on board the Lawrence, the Constitution and the way they died down their lives for the principle that all men are born free and equal. Yet here in Seattle, more than a hundred years afterward, 25,000 men are on strike for a wage that will enable to live on a plane a little above the bare necessities of life.

Does this mean that our sires died in vain? It does not. It means that generation after generation of Americans have failed to avail themselves of the privileges of American citizenship. It means that these 25,000 men and millions of their fellow men have failed to register and vote for their own best interests.

WHY DON'T YOU REGISTER AND VOTE?
Register today.

Statements of Macy and Pies Denied

Stating that prior to the strike the emergency fleet corporation granted permission for the Macy board to appear in the Senate committee of the Metal Trades Council Monday stated that the following could be reported statements of Messrs. Pies and Macy.

"We wish the membership to see the facts of the situation in answer to Messrs. Pies and Macy in their telegram and statement appearing in the Sunday papers. The so-called memorandum creating the Macy board was signed by the general manager in violation of the knowledge or sanction of the membership. The Macy board was not a part of the emergency fleet corporation and was not created by it. It was created by the Macy board and the Macy board was not a part of the emergency fleet corporation and was not created by it.

BOILERMAKERS ARE SOLIDLY BEHIND STRIKE

Jamming the big Hippodrome in front of the shipyard, the boilermakers, iron shipbuilders and helpers held what was probably the largest and most enthusiastic meeting of organized labor which has been held in the Northwest.

The last doubt, if one still existed that the big union stood behind the shipyard strike was man was dispelled by the meeting. Impressed not only with what it meant to them, but what it meant to all labor, a motion to endorse the strike was carried by a unanimous vote and three youngling cheers.

Jack Dutschack, business agent of the union, was the first to speak and he was followed by the aid and of the Metal Trades Council to secure living wages for the workers. Dan McKillop told of other victories of the boilermakers' union and the shipbuilders' union on Puget Sound. He said that they had never gone into a strike with such bright prospects. He said that these men, always enemies of labor, were merely endeavoring to throw a big scare into the workers. He pointed out how the representatives of government were trying to help the man who had done better than any other man in the world.

TACOMA STRIKERS PICK UP GAUNTLET

TACOMA, Jan. 27.—Tacoma shipyard strikers today were confident that they would win in their action of the government Emergency Fleet Corporation, ordering work stopped on steel shipbuilding plants. The question of calling for a general strike vote probably will be put up to the central Labor Council at a meeting on Wednesday night.

STOP STEEL SHIPS IN PORTLAND YARDS

PORTLAND, Ore., Jan. 27.—A general strike of the workers in the shipbuilding industry of the Pacific coast was called today by the Emergency Fleet Corporation, ordering work stopped on steel shipbuilding plants. The question of calling for a general strike vote probably will be put up to the central Labor Council at a meeting on Wednesday night.

CONGRESS TURNS TO UNEMPLOYED

WASHINGTON, Jan. 27.—Congress today took up the unemployment problem. The senate postoffice committee reported the postoffice appropriation bill with an amendment cutting \$175,000,000 out of the building bill to give work to returning soldiers, sailors and marines. Representative Jones of Washington introduced a bill appropriating \$20,000,000 for land reclamation to provide jobs for the unemployed.

WORK HALTED IN UNITED KINGDOM

LONDON, Jan. 27.—Nation-wide shipbuilding strikes were under way today in Great Britain and Ireland. Other industries were being rapidly tied up by sympathetic strikes. The city of Belfast was practically paralyzed by a general strike called in sympathy with the walkout of 45,000 shipyard employees, who demanded a 44-hour week.

MACHINE CUTS MILLER FROM PAY ROLL FOR STRIKE ABSENCE

OLYMPIA, Jan. 27.—The house of representatives this morning denied the request of Representative Alfred Miller of Seattle for leave of absence to enable him to serve on the shipyard strike conference committee. The only effect the action would be to sever Mr. Miller from the pay roll, a means of petty coercion rarely employed by either house. Members who were absent and act with the organization are habitually granted leave of absence as a routine matter of course.

Supreme Court Hears Debs

WASHINGTON, Jan. 27.—The supreme court today heard arguments in the case of Eugene V. Debs, found guilty of violation of the espionage act in opposition to the war. Debs is attacking the constitutionality of the espionage act, including the amendment made to it last May, which is known as the sedition bill. The attack is the broadest yet made on the law, but other cases are pending.

SOVIETS TOLD TO ACCEDE TO ALLIED OFFER

PARIS, Jan. 27.—The Russian government will be advised by the allied powers to accede to the proposal for a joint conference with the associated powers on the island of Frinckip, it was learned today.

THIRD ARMY TO BE CUT DOWN

WASHINGTON, Jan. 27.—That the war department will reduce the American third army—the army anticipating orders to leave the present 15 divisions, was the opinion of the British staff, was the opinion of the British staff, was the opinion of the British staff.

Retire Before Bolsheviki

LONDON, Jan. 27.—Allied forces consisting principally of American and Russian troops, which were to be evacuated from the Sionkron front, it was announced today in an official communique received from Archangel.

Butter Profiteers Called

CHICAGO, Jan. 27.—Fifteen Chicago butter merchants were summoned today by Assistant District Attorney John A. Dickenson to show why they have failed to lower their prices to conform with the wartime wholesome market. Dickinson said he would prosecute retailers who charged consumers unreasonable prices.

Notice of Union Meetings will be found on last page.

MORE TROOPS LAND
NEW YORK, Jan. 27.—Members of the 131st infantry of the 43rd division are back from overseas duty after a period of rest in Camp Merritt, N. J., to return to the front in the British staff, was the opinion of the British staff.

EXPECT LONG SESSION
WASHINGTON, Jan. 27.—America's peace experts expect to be much longer in session than originally anticipated, it was learned today. It was learned today, however, that their families go to Paris.

ORCHARD COUNTY
GOLDENDALE, Jan. 27.—A general census of Kincaid county orchards shows the total orchard acreage to be 1,100 acres, valued at \$49,321. There are 159,991 fruit and nut trees in the county.
