SEATTLE UNION RECORD - DAILY EDITION

Give Soldier His Due

Do you believe the laborer is worthy of his hire? Do you believe the government should turn the men now in the army and navy out of the service without money...

Organized labor believes the laborer is worthy of his hire, that the men in the army and navy are entitled to receive a "nest egg" with which to pay their expenses while looking for a new place in the life of the country...

Organized labor of Seattle started the movement for the \$500 payment to each of these men and the Union Record, as the mouthpiece of the organized labor movement in this community, asks you to sign this petition...

Paste the following on a piece of paper, get your friends to sign it and then send it to the Union Record, Seattle, and it will be forwarded to Secretary Baker.

To the Hon. Newton D. Baker, War Department, Washington, D. C.

Believing that the laborer is worthy of his hire and knowing that the United States army and navy have faithfully performed every duty for which they were called into the national service...

Respectfully yours,
