

DEPARTMENT OF LABORATORY MEDICINE

GRAND ROUNDS – FALL QUARTER 2009

Grand Rounds are held from **3:30 to 4:30 pm, Wednesdays**, in room D209 of the Health Sciences Building. This course is eligible for CME credit. Please see below for course objectives and other information.

September 30, 2009

Harnessing the Power of Next-generation DNA Sequencing

Jay Shendure, MD, PhD, Assistant Professor

Dept. of Genome Sciences
University of Washington

October 7, 2009

Quality and Efficiency in Anatomic Pathology

Rodney Schmidt, MD, PhD, Professor

Dept. of Pathology
University of Washington

October 14, 2009

The Use and Misuse of Laboratory Tests for Nutritional Status

Edward Lipkin, MD, PhD, Associate Professor

Medicine, Nutrition, Metabolism & Endocrinology
University of Washington

October 21, 2009

HIV-1 Infection: Laboratory Diagnosis & Utility of Rapid Testing – A Tiresian Odyssey

Robert Coombs, MD, PhD, FRCP, Professor

Laboratory Medicine and Medicine
University of Washington

October 28, 2009

Patient Access to the Medical Record and Its Impact on Medical Practice and Quality of Care

James D. Ralston, MD, MPH, Affiliate Assistant Professor

Group Health Cooperative
Dept. of Health Services, School of Public Health
University of Washington

November 4, 2009

Genomic Testing in Clinical Practice: Boon or Boondoggle?

Alfred Berg, MD, MPH, Professor

Dept. of Family Medicine
University of Washington

November 11, 2009

No Grand Rounds Today

November 18, 2009

Serum Protein Quantification by Mass Spectrometry: Is There Hope?

Andrew Hoofnagle, MD, PhD, Assistant Professor

Laboratory Medicine
University of Washington

December 2, 2009

Adult Stem Cells from Skeletal Muscle and Heart

Morayma Reyes, MD, PhD, Assistant Professor

Laboratory Medicine, Pathology
University of Washington

December 9, 2009

See Below

CME Course Objectives: Upon completion of this program, attendees should be able to:

- List several trends and developments in laboratory testing for the diagnosis, prognosis, and monitoring of disease.
- List several trends and developments regarding improving the quality of clinical laboratory services.
- Apply current concepts in laboratory testing to the diagnosis, prognosis, and monitoring of disease.
- Describe current research regarding laboratory testing and how this research might impact the future practice of medicine.

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Washington School of Medicine designates this educational activity for a maximum of *25 AMA PRA Category 1 Credits*™ (pending). Physicians should only claim credit commensurate with the extent of their participation in the activity.

This session will not be CME-accredited:

December 9, 2008
3:15-5:15 p.m.

STRANDJORD-CLAYSON RESEARCH AWARDS

**Laboratory Medicine
Residents and Fellows**
