| January 6, 2016 | Healthcare Policy and the Future of Laboratory Practice                                     | Steven Kroft, MD  
Professor and Executive Vice Chair  
Director of Clinical Pathology and Hematopathology  
Department of Pathology, Medical College of Wisconsin  
Immediate Past President, American Society for Clinical Pathology  
Jeff Jacobs, MA  
Senior Vice President  
Institute for Science, Technology and Policy  
American Society for Clinical Pathology |
| January 13, 2016 | Is This Normal? Real World Complexities Associated with Automated Chemistry Assays          | Dina Greene, PhD, DABCC  
Associate Director, Chemistry  
Director, Chemistry Fellowship Program  
Assistant Professor, Laboratory Medicine |
| January 20, 2016 | Pathobiology of Incompatible Transfusion                                                     | Jim Zimring, MD, PhD  
Director, Transfusion Medicine Research  
Bloodworks Northwest Research Institute  
Professor of Laboratory Medicine  
University of Washington |
| January 27, 2016 | Educating for Professionalism                                                                | Lorinda Soma, MD  
Assistant Professor, Department of Laboratory Medicine  
Associate Director, UWMC Flow Cytometry Laboratory  
Associate Director, UWMC Hematology Pathology Fellowship |
| February 3, 2016 | Castleman Disease: Update on Disease, Classification, Treatment and Research                 | David Wu, MD, PhD  
Associate Professor, Laboratory Medicine  
Program Director, UW Molecular Genetic Pathology Fellowship |
| February 10, 2016 | The Limits of Evidence-Based Medicine                                                        | Mark Tonelli, MD, MA  
Professor, Division of Pulmonary and Critical Care Medicine  
Adjunct Professor, Department of Bioethics and Humanities |
| February 17, 2016 | Unique Ethical Tensions in the Practice of Pathology and Laboratory Medicine                 | Lincoln Joseph Pac, MD  
Resident Physician (PGY-2)  
Departments of Laboratory Medicine and Pathology  
University of Washington |
| February 24, 2016 | Pathology Education: Medical School to Practicing Pathologist                              | Michael Prystowsky, MD, PhD  
Professor and University Chair  
Department of Pathology  
Albert Einstein College of Medicine and Montefiore Medical Center |
| March 2, 2016 | Cold Storage of Platelets                                                                     | Jenna Khan, MD  
Resident (PGY-1)  
Department of Laboratory Medicine  
University of Washington |
| March 9, 2016 | Measles in the Immunocompromised: Lessons from an Autopsy                                    | Paula Jenkins Colon, MD, MS  
Resident (PGY-3)  
Departments of Laboratory Medicine and Pathology  
University of Washington |

**CME Course Objectives:** Upon completion of this program, attendees should be able to:

- List several trends and developments in laboratory testing for the diagnosis, prognosis, and monitoring of disease.
- List several trends and developments regarding improving the quality of clinical laboratory services.
- Apply current concepts in laboratory testing to the diagnosis, prognosis, and monitoring of disease.
- Describe current research in the practice of medicine and how this research might impact the future practice of laboratory testing.

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Washington School of Medicine designates this live activity for a maximum of 27 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. (Each session is one credit)
