Faculty Vacancy Announcement

POSITION: Assistant or Associate Professor
PCN: 301131
Full-time, Regular appointment, Tenure track, Tripartite, 9 months/year.

DEPARTMENT: WWAMI Biomedical Program
College of Arts & Sciences
University of Alaska Anchorage

SALARY: Commensurate with academic preparation and experience.
Excellent benefits to include health and life insurance, retirement, and educational benefits.
This position is represented by a bargaining unit.

SUMMARY: The WWAMI Biomedical Program is a cooperative arrangement between University of Alaska Anchorage (UAA), the University of Washington School of Medicine (UWSOM), and other states in the WWAMI consortium (Washington, Wyoming, Alaska, Montana and Idaho); whereby first year Alaska medical students are accepted by UWSOM, but receive their first year of training at the other cooperating state institutions.

A position is available at the University of Alaska Anchorage (UAA) to conduct research in a basic biomedical science and to teach introductory pathology to first-year WWAMI medical students. The salary line for this position is through UAA’s WWAMI Biomedical Program, while the faculty’s tenure will be in the College of Arts & Sciences’ Department of Biology or Department of Chemistry.

QUALIFICATIONS: A Ph.D or MD is required. Candidate must have demonstrated potential to establish an independent and extramurally funded research program. Applicant with previous teaching experience and high quality research record is preferred.

RESPONSIBILITIES: The incumbent organizes and teaches introductory pathology to first year WWAMI students; the course content is determined in concert with the faculty at other WWAMI sites. The professor teaches one or more classes in the department in which the candidate stands for tenure and establishes a research program in basic or applied biomedical sciences.
